TESTING NEW WALK

Mrs. E. N. Reese president of the Halldale PTA (center) with Councilman John S. Gibson and Mrs. Paul Nevel, safety chairman, inspect a new temporary walk along the east side of Normandie avenue. The walk, costing \$4100 was arranged by the councilman to offer a dry safe place for Halldale children, living east of Normandie to walk. It was installed from 211th street to Carson avenue, where children can cross with a traffic signal. Previously they had to thread through heavy traffic on Normandie avenue or violate laws by walking on the P.E. right of way.

QUESTION: An insurance agent has been after me to let him make a "survey" of all my insurance. What's the point so long as I'm sure I'm well protected?

ANSWER: The point is that until the survey is made you are not sure you're well protected. Also the survey will probably show overlapping coverages for which you are paying more than you should.
