

### CAT ATTACKS TWO IN BAR

Donald Martin of 15722 Hall-dale, Gardena, and Ben Harpole, Studio City, saw a cat walking into a bar Sunday—and they know they didn't have one too many.

They made this discovery rather grimly when the cat suddenly turned on them viciously as they started to pet it, scratching and biting them around the ankles.

The cat was taken to the pound where it died of furious rabies Tuesday.

The incident occurred at a bar at 14801 S. Western ave. The men indicated that they would seek Pasteur treatment.

### CARL WARNER RETIRES AFTER FIFTY YEARS WITH STEEL INDUSTRY

Fifty years with U. S. Steel will be rounded out by Carl S. Warner, 1452 El Prado, tomorrow when he retires as superintendent of engineering and maintenance of the Torrance Works of the U. S. Columbia-Geneva Steel division.

in the Southwood homes area. Sincerely yours, (S) ROBERT B. RYAN 5025 Lillian St. (Editor's note: We're with you!)

More than 200 friends and associates will honor him at a dinner sponsored by the Torrance Works Management club at the Palos Verdes Country club at 6 p.m. Friday.

Widely known throughout western steel circles since 1932 when he transferred to the Torrance Works from U. S. Steel eastern operations, Warner began his career September 6, 1906, in Monessen, Pa., at the age of 14.

By the time he was 17, Warner was machine shop foreman. He attended night school at the Carnegie Institute of Technology and enrolled in various correspondence school courses to complete his formal education.

At the time of his transfer to the West Coast, Warner was resident engineer of the AS & TP Company's roll and machine works.

After six years with the Torrance Works as superintendent of construction, and plant engineer, he was transferred to Columbia-Geneva's Pittsburgh Works as works engineer. During his 10 years at the northern California steel mill, he also served as superintendent of maintenance and construction, assistant to the general superintendent of field construction.

From 1948 to 1951 he was superintendent of construction at U. S. Steel's Los Angeles Works. Warner returned to the Torrance Works in April, 1951, as superintendent of maintenance and utilities, and in June, 1954, assumed his present position.

A registered mechanical engineer in the State of California, Warner is a member of the Association of Iron and Steel Engineers, the Torrance Rotary Club, Torrance Chamber of Commerce and the Torrance Works Management club.

#### SURE RELIEF FOR GIFT-PICKING HEADACHES

Ideal solution to those problem-cases on your Christmas shopping list await you in The Gift-Spotter in the Torrance Classified. From diaper set to Senior Citizens, from in-laws to the Boss, shopping becomes FUN in the handily-arranged Gift-Spotter. Turn to it NOW. See Page 51.

What household servant works for less than 1939 wages? A. Electricity

REDDY KILOWATT YOUR ELECTRIC SERVANT

"UNLIKE MOST everything else you buy," explains Reddy Kilowatt, your electrical servant, "electricity costs you less today than it did 17 years ago." (Bigger bill? That's because you're using more and living better electrically.) Small wonder that today electricity is your biggest bargain in modern living.

LIVE BETTER—ELECTRICALLY

### DEAR EDITOR...

All Shook Up  
Editor  
Torrance Press  
I see the City Council is all shook up over a "touch and go strip" at the local airport. I wish they would get just as shook up over the lack of stop signs at Anza and Torrance blvds. and Palos Verdes and Torrance blvds. Since I moved here in May I have seen two bad wrecks and a number of close ones at the above spots. Also wish they would get shook up over the lack of playgrounds
