JC Registration Forms Available At El Camino

Permits for early registration of students who were not in attendance at El Camino college during the fall semester are available at the College Registration office, Merl F. Sloan, director of student personnel, advised this week.

The issue of permits will facilitate enrollment by this group of students, enabling them to sign for spring semester classes on January 15, 16, or 17, the college official advised.

Leo M. Christian, assistant director of student personnel, indicated that every student enrolling for the first time in English composition, algebra, trigonometry or chemistry must complete a placement test at least five days prior to registration.

Appointments for placement tests may be made in person in the Counseling Office, in the Administration Building.

During the mass registration period, the entire faculty of the college will assist in the enrollment program, the administrator commented. Students whose surnames begin with letters M through Z will be enrolled on January 29, those whose names begin with letters A through L will sign for classes on the 30.
