### SAFETY TOUR

Don Lasell, right, general superintendent, and E. J. Ahlstrom, second from right, supervisor of safety of the Torrance Works of United States Steel's Columbia-Geneva Steel division, discuss metal sawing safety procedures with two members of the touring U.S. Steel safety advisory committee, R. S. B. Holmes, left, and F. H. Kobely, manager of safety and casualty for Columbia-Geneva. Torrance visit concluded a week-long tour of U. S. Steel operations in Los Angeles and San Francisco by the corporation's 12-man safety advisory committee. This was the group's first tour of the West Coast.

had many inquiries from Lomita residents who were confused about this incorporation-annexation attempt. In the interest of clarifying the situation I would like to point out the following facts:

1. Torrance cannot forcibly annex Lomita. This Torrance scare was started by a few "would be politicians" who would saddle us with more taxes in order to satisfy their dream of making Lomita another city.
2. Torrance has never forcibly taken any part of what has long been recognized as Lomita territory; The owners of the oil fields to the north voluntarily asked to join Torrance in order to escape the inevitable high taxes the last time Mr. Mosher and his crowd attempted to incorporate Lomita. Walteria has never been considered as a part of Lomita.

3. We can stay as we are; There is no law compelling us to form a city and there is no law compelling us to join a city. We in Lomita enjoy a lower tax rate than any city in Los Angeles county and that includes Lakewood.

4. You won't get free sidewalks; If any one offers you free sidewalks if you vote to make Lomita a city, they are insulting your intelligence. You get nothing for nothing. Remember a fish thinks HE is getting a free worm!

5. You won't get better municipal services; We would still have the same county road dept., Sheriff's dept., and fire dept., etc. Only then they would be on a strict contract basis with a specified LIMITED amount of services.

6. Torrance is not a threat. Torrance is not circulating a petition as they would have to do to annex us, but a huge amount of money has been spent to circulate a petition to incorporate. Professional incorporation promoters who are NOT residents of Lomita are trying to confuse the issue with false financial reports. They try to compare us with Lakewood which has a huge shopping center that pays a tremendous property tax plus a huge sales tax to that city. Lomita has no such tax source.

7. The Lomita Civic League are property owners in Lomita; We have banded together to combat this vicious propaganda that is being thrown at us. For information on joining the League call Mrs. David Fay at DA. 6-4916.

Respectfully yours,  
(s) Herbert B. Brisbin  
President  
The Lomita Civic League

## Morgan Given Chest Award

Arthur Otsea, vice president of California Bank, presented C. C. Morgan, general superintendent of United States Steel's Pittsburg Works, a plaque in recognition of his service as commerce and industry chairman of the 1956 Community Chest campaign in Torrance.

The award was made during a visit to Torrance by Morgan who was general superintendent of the USS Columbia-Geneva Steel division's Torrance Works from 1954 until early spring of this year.

Otsea served as Harbor Area chairman for the 1956 campaign.
