All famous Nationally Known Brands
SERVEL GAS REFRIGERATORS

Here is How

TO ENTER CONTEST

● Would you like to buy a modern built-in or free standing automatic gas range, a gas clothes dryer, a Servel gas refrigerator or an automatic washing machine at your own price? Well you can. Just fill out the bid blank below and take it to your Torrance gas appliance bidding contest dealer. When you get there you will find many more items that the dealer has open for your bid. Just look for the red OPEN FOR BID signs that will be attached to the articles, and enter your bid in his official bid book.

Here is how it works. The dealer selects certain articles which he declares open for bid. The price he puts on them will be simply ridiculous, a price you couldn't duplicate any place. These prices will be recorded with Woodcock and Marincovich, Torrance Certified Accountants. No one but the dealer knows what these prices are, as all price lists are submitted, sealed, and are not to be opened until the contest closes. If your bid matches the price submitted by the dealer it is yours at your own price.
