### BOWLER IN 'HALL OF FAME'

Boyce Buckner of Torrance joined the local Bowl-O-Drome's Hall of Fame Saturday and long-time bowlers are still shaking their heads in wonder.

Buckner, who has been bowling only six months, went strike happy and rolled a perfect "300."

And at the same time he was taking instructions from Bowl-O-Drome Instructor Bob Prince. The perfect score made by an amateur is fantastic, Prince declared.

Buckner, despite his amateur status, bowls like a pro, having a 168 league average with the Douglas Mixed 750 Scratch League.

On the quieter side, M. Snyder recorded a season high of 709 in the Torrance Handicap while top game honors went to C. Murakami for a 270.

In the Torrance High League, top boys' game went to P. Motoyasu with a 218; coed honors were upheld by a 199 record by A. Wood. Boys series went to P. Moir with a 583 and girls series was won by I. Masak with a 537.

### Walteria Community Picnic Set

Final plans are being rushed for the Walteria Community picnic to be held September 8 at Walteria park.

This is an annual event sponsored by the Walteria Business Men's club. Starting with a Western parade at noon, and contests interspersed with entertainment will run throughout the afternoon and evening.

This is also inauguration day for the new Honorary Mayor of Walteria. The chips are down, the battle lines are drawn and no holds barred as the three candidates, Joe Bellante, Broyles "Penny" Pendleton, and Earnie "The Greek" Therles fight it out down to the wire.

Votes are being cast by means of the silver ballot (dimes) in all member-merchants' establishments.

Due to the ever-increasing demands on the Youth Fund, the club is conducting a popularity contest to name "Miss Walteria."

The winning girl will be determined by selling votes and will receive a new fall wardrobe. An expense-paid weekend at fabulous Las Vegas, travel by Western Airlines and two nights at The Sands hotel with dinner and show will be given away at the picnic.

Tickets can be obtained from the contestants or their sponsoring merchant-members.

### Western Ave. Restaurant Remodeled

Judging from the limited operation during the renovation period now in progress at Rick's, much in the way of culinary compliments are in store for patrons when the establishment at Western and Torrance blvd. is operating under full steam.

Jack Dabbs and Rick Jordan, co-owners professed that things were in a bit of a turmoil due to the building trade strike, but now that the strike has been settled, all will be normal on the food front by mid October.

The two men, both well known locally, combined talents to open the new eating place which formerly was the Western Drive In.

although neither could pin point a definite date for a grand opening, both were certain about one thing. Opening day has been set aside for the day when the establishment turns over the day's profits to charity.

### Easy Terms Offered at Lawson's

Because of Lawson's unique position in the credit field, the store is able to bring the best value to its customers on very easy terms.

Their "no money down—take a year to pay" terms are possible because Lawson's carry its own accounts and deal directly with each customer individually. No finance company is ever involved.

Each customer discusses his own personal situation with Lawson's credit department and arranges his payments to suit his pocketbook. By carrying their own accounts, Lawson's does away with unnecessary delay and red tape and can offer a more personal service to each individual customer, it was stated.
