Scholars save dollars! (or, arithmetic

A little schooling never hurt anyone, we always say. But it is also true that you don't need a college education to be able to save money on your grocery bills. In fact, savings sort of multiply by themselves when you shop at Food Giant and for reasons that are very elementary. Food Giant sells more groceries (and things) than any other store in the community, the more we sell, the cheaper we can sell things for. Add it, multiply it, divide it, subtract it—no matter how you approach the problem the answer is always the same—Food Giant is the place to save!
