Misappropriation

The onetime officer, Jack Gee. has been under investigation since February of this year for alleged misappropriation of bail money funds collected from traffic violation defendants.

Deputy District Attorney Fred Henderson, who presented the case before the Grand Jury, said that an indictment of Gee cilmen and other city officials, was likely even though the mystery witnesses are not present tainly hosted the officials of The case against Gee, according to Henderson, is that court rec ords show 85 warrants given to Gee to collect were missing from a conference of the League and that about \$3500 in bail was of California Cities, Torrance involved. Thus far, Henderson two hours of testimony before the jury before the hearing was postponed until the witnesses ernment, in the administration could be found. Henderson declined to name the witnesses.

NEW RUBBISH TRUCKS FOR CITY Torrance has recently purchased five 1957 cab-over-engine trucks from Oscar Maples Ford, for use in the city rubbish collection program. Since residents will not be permitted to burn combustibles after October II, the new trucks will take care of the increase in rubbish which will be collected. The packer bodies, built and installed by the Leach Corporation, will hold twenty cubic yards of rubbish. Lewis Cumiford and Harold Clayton, city sanitation employes, are shown loading rubbish into one of the trucks which is already in service.—Press Photo.
