

Community Chest Chairmen Meet to Discuss Campaign

"You get the most out of giving to the Community Chest because your Chest gift buys 167 community services in one campaign, services which protect the health and happiness of you, your family, your neighbor," Jack Schmidt, Pacific Smelting Community Chest chairman for the 1957-58 Community Chest campaign told a gathering of other Torrance and Gardena Commerce and Industry Employee Chest chairmen at a luncheon instruction meeting held last week at the Palms restaurant.

The employee Chest chairmen will be conducting the 1957-58 Community Chest campaign among the employees of the firms where they work.

North High Begins Clean-Up Crusade

North High school students have instituted a drive which demonstrates student self discipline according to the program announced by Bill Lee, Commissioner of Group Control, today.

This program provides for the formation of an organization which is known as the "North High Anti-Litterbug League." The purpose of this group is to instill in the student body the moral and civic responsibility of respect for public property, school rules and regulations related to campus grooming, and denouncing any activity that would not bring honor and credit to their school.

The program was implemented by means of an on the spot interview of the opening ceremony by Ken Weeks, the roving reporter of the campus closed circuit radio station KNHS.

Membership may be gained by merely signing a scroll which indicates the signators pledge to abide by the school rules and regulations and pledge to keep their campus clean.

The opening ceremony began by unrolling the scroll and the formation of an endless procession of students lined up to sign the pledge. On signing the scroll the students were presented with a free membership pin which bears the inscription, "Member North High Anti Litterbug League."

Plans include inviting local, county and state government officials to inspect the campus periodically and address the student body in an assembly on their impressions of the effectiveness of the program and the role they might play as future citizens in the community, state and nation.

Members of the committee include: Bill Lee, chairman; Leila Santor, Lucienne Elshout, Anna Butchle, Marjorie Towle, Jim Warnemuende, Nancy Gibson, Mike Henderson, Ariel Bybee, Ken Begando, Janet Coleman, Steve Watkins, Judy Sheets, Bob McHugh, Pat Hannah, Pat Vint, Yvonne Knight, Karen Caverly, Hervey Davidson, Terry Baker, Phyllis Sandoval, Donna Hanna.

The Dentist Says: ERNEST J. TARR, D.D.S. Bleeding Gums Cause Loss of Teeth

"The gums around my lower front teeth bleed very easily. How can this condition be cured?" asks Mrs. R. K. of Lomita.

Bleeding of the gums around the teeth might be caused by either of two things—tartar accumulation irritating the gums or excessive pressure caused by chewing mainly towards the front of the mouth.

Where the back teeth are missing and not replaced, the two jaws will come closer together than they should so that the upper front teeth come down over the lower more than they did before. Overlapping creates more pressure, resulting in strain on the teeth and damage to the bony support, which in turn is accompanied by inflammation and congestion of the gums. Then, the gums bleed easily.

So you can see that bleeding of the gums around the front teeth often comes as a result of missing teeth in the back of the mouth. This is also aggravated by tartar accumulation on the inside surfaces of the teeth.

If these conditions are not corrected, the overtaxed teeth will be endangered. Of course, there are other causes for bleeding gums but the two above are among the most prominent.

Chest campaign is the lowest of any comparable campaign." **ANNUAL REPORTS MADE**

He explained that every penny goes through safe and thrifty hands. An annual stewardship report appears in the public press to show what services people most urgently require. Then the money is spent where it is most needed. One out of every three families uses Community Chest services.

Schmidt told the Employee Chest chairmen the steps to take to have a successful campaign in their firms. Pacific Smelting has for the past two years won the Quota Buster award given to any firm which collects one-fourth of one percent of their total payroll for a year.

First, according to Schmidt, the Employee Chest chairman should gain the support of the chief executive in his firm. Then he organizes a planning committee which will set quotas on a departmental basis and plan a time schedule.

Publicity to sell the employees on the Chest follows and then the actual solicitation, during which the employees are encouraged to give on a pledge basis by payroll deduction rather than by a single cash gift.
