

## Torrance Youth Band To Play on KRCA-TV

The Torrance Area Youth Band will play a 30-minute concert on KRCA (NBC-Channel 4) Sunday, October 27. This TV time has been granted to the Youth Band as a "special service" without charge, to aid the band in its current drive to raise funds for the proposed trip to Chicago in December to perform for the Mid-West National Band Clinic.

Music to be performed or the show will include numbers that are to be used at the concert in Chicago.

The band, consisting of 82 pieces, along with staff members and chaperones, will be flown to Chicago, December 15 for a week. Other concerts are booked besides the one to be performed for the music educators who will attend the Clinic. This trip depends upon the Band's being able to raise expenses in advance of their departure. A total of \$10,000 has

been accumulated through the efforts of Band members and parents.

Chairman of the Citizens Fund-raising Committee, Mrs. Clara Connors, will appear on the program to give recognition to individuals and groups who will have contributed to the fund prior to the TV program. Mrs. W. C. Boswell, publicity director, will prepare the script for the show. A Hollywood celebrity, to be announced later, will also take part, Mrs. Boswell stated.

## Scouts Visit Destroyers

The officers and crew of four destroyers based at the Long Beach Navy yard, played host last week to approximately 200 Boy Scouts, Scoutmasters and citizens from the South Bay area.

The group assembled at the Terminal Island landing and were transported by launch to the destroyers, USS Mansfield, USS Collett, USS Benner and USS De Haven, where they had dinner with the crew. They were also taken on tour of the ships, and welcomed by the division's commanding officer, Captain Earl Hydeman, Tommy Wilkes, Harbor district advancement chairman, and James Rush, district chairman, also addressed

the group. The occasion was the annual First Class Recognition program in which the boys who have entered the intermediate ranks of scouting are honored.

Those attending from Torrance were: Troop 209—Douglas Allred, Thomas Andreoli, David O'Hara, Robert Loew, Steve Lupo, Michael Stetson, Ronald Venzia, and R. Wertz. Troop 254—Michael Bradshaw, Richard Steele, and Scoutmaster Elbert S. Steele. Troop 315—Bucky Donaldson, David Ludwig, and Scoutmaster J. Scirica. Troop 728—Robert Murphy, Tom Rodgers, David Strayer,

## Begin First Aid Classes Tonight

A Standard First Aid class will hold its first meeting tonight at 7:30 p.m., announced Victor Kilburn, Adult Education Principal, Torrance Unified School District.

The class will meet for a period of five weeks on Thursday in Room 1, North High school, located at 3620 W. 182nd Street, between Hawthorne and Crenshaw Boulevards.

The class is in cooperation with the American Red Cross and will follow the new condensed outline. American Red Cross certificates will be issued upon completion.

and Scoutmaster Herman Boodman.

Troop 730—Eddie Babic, Sheldon Black, Bill Buell, Leonard Chandler, Jack Day, Robert Jones, Lynn Pearce, Glenn Sherwood, Craig Kyte, Curt Kline, and Scoutmaster H. R. Black.

Troop 785—Donald Cox, Arthur Durea, Kenneth Hannegan, James LeHerbers, David Higgins, Robert Madrigal, Tommy Olson, Frank Riska, Thomas Walsh, and Scoutmaster Richard Divinski.

Troop 951—Richard Falstrom, David Mosier, Robert Rogers Jr., Breal Rowe, and Scoutmaster George Trout.

Among others present were: Dean Sears, district finance committee; Dr. Hood, past district chairman and John Schwartz chairman of Torrance Kiwanis Club, Boy Scout activities.

## Mayor Proclaims Oct. 31 Day of Respect to Youth

Mayor Albert Isen, at the request of the Torrance lodge of the Loyal Order of Moose, has issued a proclamation designating October 31 as "Youth Honor Day" in the city of Torrance—a day when youngsters of our city might be given to understand adult appreciation for the fact that the overwhelming majority of juveniles are by no means "juvenile delinquents."

"The people of our city," said Mayor Isen, "can in another way express their appreciation for the many and fine accomplishments of our youth by voting for the recreation bonds at the election to be held on Tuesday, October 29."

"The youth of our city," continued the Mayor, "know that, as a whole, they are respected and honored, and that their decency and dignity command far more approval and admiration than delinquency and misbehavior. We believe that we are keeping pace with the needs of our youth in this city," concluded Mayor Isen, "but we also know that the assistance of parents and teachers, and of the many civic organizations such as the Moose, Lions, Elks, Kiwanis and the American Legion has been of tremendous value in maintaining the high standards of our youth activities."

A pre-observance of "Youth Honor Day" will be celebrated at the Moose lodge, 1744 W. Carson st., on Saturday October 26. Prizes will be given for the best and funniest teenage costume prior to a Halloween dance.

## YMCA Will Organize Y Indian Guide Tribes

A meeting will be held this evening at the Crenshaw Elementary school cafeteria in order to form several new Y Indian Guide Tribes for boys in the first, second, and third grades in that neighborhood.

Y Indian Guides is the father and son program, sponsored by the Torrance YMCA for boys six to nine years old, along with their fathers. Anderson predicted that the popular YMCA program will grow to include more than 100 Y-Tribes during the present school year. Other schools to receive the program in the next few weeks are: Hillside, Seaside, Newton, Parkway, and Meadow Park.

The unique feature of the program is the father and son companionship between dad and

## Bowler Rolls 620

Following two weeks of rest, the Southland's top bowlers will return to the Torrance Bowl-O-Drome October 26 for the second round of the Men's All Star Eliminations.

First round of play was conducted last Sunday evening. Local fans are invited to watch the competition vie in the initial stages of the world's championship match.

In other news from the local lanes, The Cotton Pickers maintained their near-perfect win record for the Douglas Swing Mixed Handicap. Last week the team took four straight games, giving them a 15-1 record.

G. Dye has the season's high game of 620 for Harvey Machine Co. High game honors are held by R. Goree with a 214.

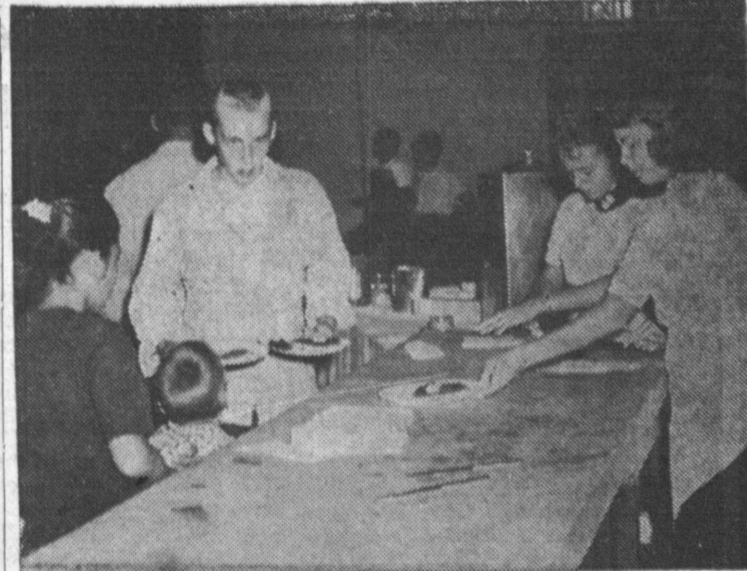

The All Stars and the Lucky Strikes are tied for first place in the Torrance High School League. Top boy's series honors are held by P. Moir with a 631 while M. Iwata has high girl's series with 592.

A Coast has the highest average in the Ladies 700 Scratch League with a cool 170. Donna Barkdull has series honors with her 544.

phasis, which aims to make them pals forever. A father cannot attend a meeting without his son, and vice versa.

Meetings are based upon Indian lore, with costumes, ceremonies, stories, Indian games, dances, nature lore, and camping. Huge inter-tribal pow wows are held at the YMCA each moon.

Anderson cordially invited all dads and sons from Crenshaw School to attend the meeting this Thursday, October 17, at 7:00 p.m.

MORE THAN 3300 PEOPLE were served pancakes, sausages, juice and coffee at the annual YMCA Good Neighbor breakfast held last Saturday. This was the largest crowd ever to attend the affair.—Press Photo.

## Tartars vs. Seahawks Opens Bay League Play

By DICK RICE

Raising the curtain tomorrow night on their 1957 grid season the embattled Tartars of Torrance take on the Redondo Seahawks on the Tartars' home field.

In three practice games Torrance has lost two, including last week's loss to Santa Fe, and beaten El Segundo. The Seahawks, in their practice games, have fared much worse by losing four contests in a row including a 6-0 loss to North High last week.

In spite of the 27-0 loss to the Bay League champ Seahawks last year, Torrance should end up with a victory tomorrow night. Most of Redondo's stars of last year have graduated, leaving them with many inexperienced players.

Torrance, on the other hand, has retained a good part of last year's team although they will be playing without the services of two first team men who are injured. Halfback Bobby Graded broke a bone in his ankle in the El Segundo game two weeks ago, and guard Dan White fractured his tibia in the practice game with St. Augustine. Both of these men are expected to be out for the remainder of the season.

Most of the gridiron experts have picked Redondo and Torrance to be fighting it out for the Bay League cellar this season, so this means both teams will be out to disprove this prediction. This game may prove to be very important to both squads. Its outcome could well be a deciding factor in league standings later on in the season.

## Rush Building of Harbor College Gym and Field

Work is proceeding rapidly on the new \$450,000 gymnasium and lighted football field at Harbor Junior College.

To be completed by mid-December of this year, the gymnasium is being constructed between the present men's and women's athletic buildings. It will have college regulation size basketball floor, 50x94 feet with 12 foot clearance at each end, 1,000 folding bleacher seats, foyer, medical room, training room, service room, concession booth, ticket office, trophy cases, and electrical scoreboard with subtracting timeclock.

Three banks of arc floodlights have just been erected on each side of the present Harbor football field, and the tubular steel bleachers are being extended from goal line to goal line on the south side to seat an approximate total of 2600 people. Also under construction are rest rooms and concession building. Athletic Director Selwyn W. Yancy hopes that the entire project will be completed in time for the January conference basketball game between the Harbor Seahawks and the Valley Junior College Monarchs.

## North High Meets Beverly Hills Friday at 2:45

North High's Saxons were vying to go against the Beverly Hills "Cadillacs" Friday afternoon in an attempt to make it the second victory in a row. The game was scheduled to begin at 2:45 p.m. at North High's field. The Saxons won their first football game in 19 tries by defeating Redondo Beach, the champs of the Bay League, last week. Ernie Thomsen scooted over the goal line in the fourth quarter to set up the Saxon victory.

## Differences...and the freedom of choice

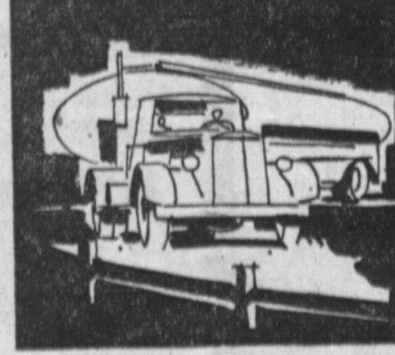

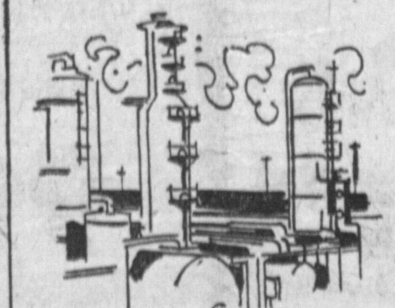

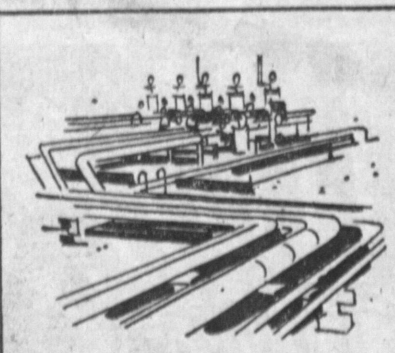

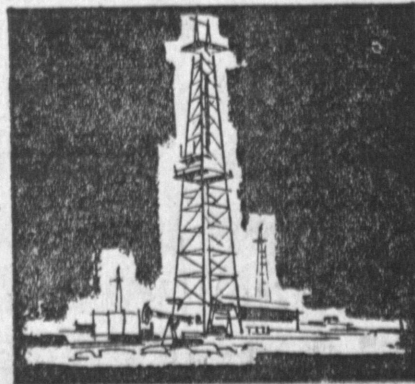

Freedom of choice is one of the essentials of our American way of life. It affords us the opportunity to differ...to hold different opinions, to pursue different methods in providing this nation with newer, more efficient products and services.

This basic democratic principle is especially apparent in the petroleum industry. For within its framework are vast differences of operation...in drilling, producing, refining, distributing and selling.

Such differences lead to competition, and competition leads to experiment and research. The results are new processes, new and improved products and a better way of life.

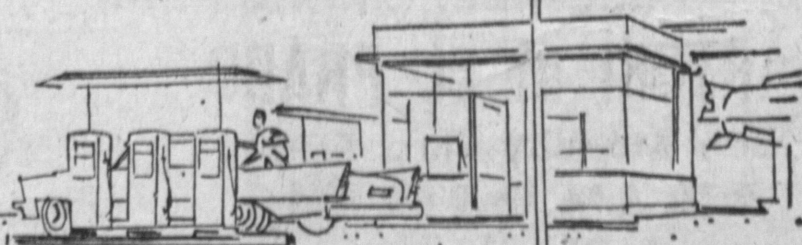

The benefits of this competition are clear for all to see in every community and on the highways where petroleum products are sold...the most advanced petroleum products...the finest service...at the lowest prices in the world.

As long as American business continues to enjoy freedom of choice, this nation will progress... will keep its economic vitality.
