ADMIRING THE FRODE B. KILSTOFTE TROPHY to be presented to the Advance Gifts Division of the 1957-'58 Community Chest campaign in the Harbor Area with the highest percentage of quota on Report Day, November 21, are from left to right H. L. Burns, of Union Carbide Chemicals, George Post, of the California Bank, and Nelson Rucker, also of Union Carbide Chemicals and Chairman of Advance Gifts in Torrance.

British Diplomat To Speak at El Camino

A distinguished diplomat turned journalist comes to El Camino College when the Honorable Anthony Nutting, former Minister of State for Foreign Affairs in Great Britain and now special writer for the New York Herald Syndicate, speaks at the Campus Theater, October 25, 8:15 p.m.

Nutting, whose rise to leadership in Britain had been meteoric before his dramatic resignation of his position in the government and his seat in Parliament in 1956 at the height of the Suez crisis, concluded a tour of the Middle East, North Africa, India and Pakistan in the spring of 1957. Nutting led the United Kingdom delegation at the United Nation Assembly in 1954 and 1955.

Tickets will be available the week preceding the performance. The public is invited and may purchase tickets for \$1 at the box office.

Alondra Park Improvement To Begin in 30 Days

Work will begin within 30 days to transform the southern portion of Alondra Park into a beautifully developed and equipped playground by next spring, Supervisor Kenneth Hahn announced today as the Board of Supervisors awarded a contract for major improvements on the Redondo Beach boulevard side of the park.

Project will include the construction of a new bathhouse of 1500 square feet to serve the swimming pool, general park development, landscaping, a children's playground, additional parking, and park lighting.

About four months will be required to complete the job, Supervisor Hahn stated.

General development of the area will include landscaping, construction of picnic and beach areas, walls, walks, and fencing.

"Plans call for the construction of one of the finest playgrounds for children anywhere in the County," Supervisor Hahn stated.

Playground will be located in a triangle area southwest of the

swimming pool. It will be paved with asphalt, which will be covered with a colored mastic. Specially designed playground equipment including plastic "bronchos" will be installed in shallow pits, filled with either sand or tanbark for protection of the children.

Plans also include construction of walks around the western perimeter of the lake and a new comfort station convenient to the new picnic shelter completed last spring.

All improvements being made at the park are in accordance with Supervisor Hahn's program to develop Alondra into one of the finest regional recre-

The California case in which a wife pounded her husband's 1957 car practically to pieces with her 1949 model, which was only lightly damaged, confirms the opinion held by many that automobiles are not built as sturdily now as they used to be. It should also strengthen another widely-held belief: That human nature doesn't change over the years. In a showdown battle of the sexes, the male of the species still runs for cover. —Portland Oregonian.

ational centers in Los Angeles County.

Last year the area east of the lake was developed and improved. Earlier this year the northwestern portion of the park was developed, landscaped, and three baseball diamonds were constructed.

Located between Dominguez channel, Prairie avenue, Redondo Beach and Manhattan Beach boulevards, Alondra park serves a wide area including south Los Angeles, Gardena, Inglewood, Lennox, Hawthorne, Lawndale, Moneta Gardens, Torrance, Redondo Beach, Manhattan Beach and adjacent communities.
