Interest Spurred in Grandview Palos Verdes

Announcement of plans for a new Los Angeles County Golf Course and 53-acre County Regional Park have spurred public interest and climbing new home sales at Grandview Palos Verdes, planned community of spacious three and four-bedroom, two-bath homes at Montemalaga dr. and Silver Spur rd., said an official of the Grandview Building co. yesterday, adding:

"The chief attraction at the peninsula community continues to be the lure of 'outdoor living' in a setting of rolling green foothills, just minutes away from some of the Southland's most beautiful beaches."

Five attractive display residences, furnished in striking decors by Barker Bros., are

open to visitors daily and Sunday from 9:30 a.m. to 7 p.m. at Grandview Palos Verdes.

"Qualified veterans may purchase Grandview homes for as little as \$1050 down, plus costs and impounds," reports Walter W. Mansfield, of Mansfield & Associates, sales agents. The dwellings are priced from \$22,050 to \$25,750, available on low FHA terms, and, to non-vet buyers, on conventional terms from \$3350 down, plus costs.

Situated in the gently-sloping foothills near Palos Verdes Country Club, Lunada Bay, famed Marineland, and seaside resorts, the new community is just minutes away from schools, churches, parks, and highways into nearby Los Angeles and Long Beach.

Created by the leading architectural firms of Harris and Rice, AIA, and William M. Bray, AIA, the king-size homes are available to buyers in half a hundred distinctive exterior and interior stylings.

Select appointments include sliding glass walls opening onto broad paved terraces, natural wood paneling, brick fireplaces, natural finish cabinets, and gleaming corlon floor coverings. Color-matched features in many of Grandview's step-saving kitchens include built-in gas ranges and ovens, automatic electric dishwashers, ceramic tile worktops, garbage disposals, and natural ash cabinets.

Also included in the purchase price are ornamental street-lighting, complete landscaping, and safety-contoured streets designed to eliminate disturbing through traffic.
