A regular Federal savings account is basically the same as any other insured savings account except that it earns a high rate of return which becomes increasingly important every day.

Here at Potos Verdes Federal you have the important and added advantages of either receiving or compounding these high earnings every three months... or four times each year.

This is the only way to earn even more on an insured savings account. Extra (bonus) earnings vary upward depending on how long you choose to save in accordance with a declared and scheduled program.
