Fill Your Freezer From Food Giant...

Each passing year finds America eating more frozen foods. Fresh-freezing seals in the fresh flavor... keeps vegetables garden-tender. And many of the vitamins are retained in greater amounts when foods are preserved by freezing. So make it a point to become better acquainted with frozen foods. See the huge variety at Food Giant Markets where it's fun to shop the wide, clean, bright aisles. And for price... you can't beat Food Giant. Check values this week end. Especially note the values for your freezer.
