Some of them said that if both the fair and the Dodgers should select the site, they feel that incorporation is the best answer.

The Carson area which is being considered for a separate city would have an estimated 50,000 population and would be roughly bounded by Normandie ave., Wilmington and Lomita blvds. and either Victoria or Artesia.

Smith said he will tell the association that his firm plans to lease a minimum of 600 acres and possibly as much as 1200 acres.

A total of between \$250,000 and \$300,000 would be invested with permanent buildings to be constructed to eventually become a California industrial and trade exhibit.

Work on Streets Set Soon

Improved traffic conditions will soon be provided in the vicinity of Alondra Park, Supervisor Kenneth Hahn announced this week as the Board of Supervisors approved final plans and specifications for widening and improving Manhattan Beach boulevard between Dominguez channel and Prairie avenue, and Prairie avenue from Redondo Beach boulevard to Manhattan Beach boulevard, and authorized the advertising of bids.

Bids for the improvements will be taken on both sections as a single job and are scheduled to be opened on August 19. The work will be on the south side of Manhattan Beach boulevard and on the east side of Prairie avenue and will widen and improve the streets to master plan standards.

The work will include an additional traffic lane, paved shoulders and curbs and gutters. On Manhattan Beach boulevard, the work will include permanent resurfacing of the route of the Manhattan Beach boulevard storm drain.

"The improvement of these two streets to full width will provide thousands of motorists daily with a safe, fast, convenient roadway, and will help to reduce traffic congestion," Supervisor Hahn stated, pointed out that it will also provide better control over parking adjacent to Alondra Park and El Camino College.
