

### List Rules for Trailer Hauling

Motorists towing boat trailers, house trailers, and other type trailers used for moving household goods should review the laws affecting such practice warns the California Highway Patrol.

The following essential points were offered by Patrol Commissioner B. R. Caldwell for review by persons towing such trailers either by passenger car or commercial vehicle:

1. A 45-mile-an-hour maximum speed limit prevails unless a lower speed is posted.
2. Mechanical or electrical turn signals are required if hand and arm signals are not clearly visible from the rear.
3. The towing vehicle must be equipped with a mirror reflecting a view of the highway 200 feet to the rear.
4. One red tail lamp, a license plate lamp, one red reflector, and a stop lamp are required on each vehicle.
5. Hitches must be properly and securely mounted, with a legal safety chain to control trailer if hitch fails.

### Interest Revived in Hopscotch Game

Hopscotch is becoming increasingly popular, according to Norman S. Johnson, Director of the Los Angeles County Department of Parks and Recreation. Revival of interest in this ancient game is currently revealed in the hopscotch tournaments being held this week by the County department. Johnson said that his department is interested in sponsoring games, such as hopscotch, which encourage skill, good sportsmanship and physical fitness, while decreasing accident hazards.

Hopscotch, he said, is played all over the world. It is believed to have started in Greece, where the Romans learned it. There are hopscotch diagrams, still visible, which were scratched in the pavement of the old Roman Forum. The game was brought to England by the Romans and later it was transmitted from England to America. In early times, hopscotch was played in Burma, India, Japan and other lands. In China, the game is called "Tao Fang Tze." In Scotland, it is "Teevers." In France,

### Chamber Makes Survey on 'Right to Work Law'

The Legislative Committee of the Torrance Chamber of Commerce is vitally interested in what the citizens of this area think of Proposition 18 — California Right to Work Law. A report will be made when the results are known.

In explanation, President Fred W. Mill stated, Briefly, "Right to Work" is the label used to describe a group of State Laws that make null and void, or unlawful, contracts requiring membership in a labor union as a condition of employment, or excluding from employment any person because of non-membership in a union.

"These laws," Mill added, "in essence, usually provide that as a condition of employment: (a.) No person shall be required to be (or become) a member of a union to abstain from membership, or (b.) No person shall be denied, or excluded from, employment on account of membership or non-membership in a union."

Mill said his group wishes citizens to return the sample ballot on this page so that the Chamber can ascertain the thinking of the public on this controversial subject.

### Registration at North High Now Being Accepted

North High School has completed plans for the opening of 1958-59 school year. Over 1200 students have been scheduled into classes and only limited offerings in elective classes are now available. Early Fall registration is recommended for high school students new to the Torrance District if desired classes are to be obtained.

Registration for new students began yesterday and continue through September 3. New students must report during this period and bring report cards or transcript records when enrolling, if possible. Freshmen should bring birth certificates.

The counseling office will be open for registration from 9 a.m. to 12 noon only. Students may consult with the advisors about programs and requirements for graduation. School will be closed for Labor Day.

All students will report at 7:45 a.m. for the first day of school, September 11. Freshmen will receive detailed instructions and a tour of the campus to familiarize them with the lay-out of the school to be held on Wednesday, September 10, at 10:30 a.m.
