Parking lights can be dangerously deceptive, says the Automobile Club of Southern California. That's why safe drivers always turn on their low-beam headlights at the first sign of dusk — not misleading parking lights. Parking lights confuse the distance between vehicles and thereby increase the chance for accidents.

**ON CHAMP TEAM**—Rollerskaters Peggy Ann Tipton and Robbie Wollard, both of Torrance, will be members of the U.S. Championship team which will compete in an international tournament in New Zealand in January. Press Photo

**Two Torrance Skaters on U.S. Championship Team**

Two Torrance skaters will represent the United States at the World Congress Meet in Christchurch, New Zealand in January. Peggy Anna Tipton, 16-year-old Torrance High School senior, and Robbie Wollard, 17, a THS graduate, will depart for Down Under Dec. 29. They will be members of the 19-member U. S. championship team which will compete at the international tournament.

Peggy began skating when she was 10, and by 1953, took eighth place in the American championships. In 1956 she captured the junior girls singles event in Richmond, Va., and in 1957 won three firsts in the national finals.

Despite her skating accomplishments, Peggy received good grades in school, according to her parents, Mr. and Mrs. Glen O. Tipton, of 1230 Madrid Ave. Robbie, whose parents, Mr. and Mrs. R. D. Wollard, of 1434 Fern Ave., who are expert skaters themselves, started practice when he was 11.

He won the right to represent the U.S. in the senior men's singles and senior pairs events at the American Roller Skating championships in Cleveland earlier this year.

Residents can help finance their expenses, partially defrayed by contributions from rink operators, by buying "booster buttons" at the Chamber of Commerce, 1345 El Prado for 25 cents.

**FAVOR PARKING SIGNS**  
 Recommendation that the city install signs at public parking lots to advise motorists of their existence, was made last night
