Before pressing the accelerator, figure how long it will take you to stop as your speed increases, advises Edward R. Klamm, accident prevention director, Allstate Insurance Companies. Remember, when speed climbs from 30 to 60 mph under ideal driving conditions, stopping distance jumps from about 90 feet to 366 feet—more than the length of a football field.

"Bus Stop" Staged

Gala opening night of Palos Verdes Players presentation of "Bus Stop" will be Nov. 14 at 8:30 p.m. at Malaga Cove School Auditorium, Palos Verdes. Performances will also be shown on Nov. 15, 21 and 22. Tickets will be available at the box office.
