# ANOTHER New Service

## FIRST IN CALIFORNIA WITH . . . *Nation's*

We are proud to announce the installation of automatic equipment to speed up money handling. Here's how it works: the cash register totals your bill. Then it shows the amount given the cashier. Next, it figures your change, shows amount of change at the top of the register, and prints it on your receipt. At the same time, coins are automatically delivered by the

change dispenser. Coins to wait as long. It measures amount of your change money at any time. V.M.
