Pacific Phone to Pay Taxes of \$15,517,761

Pacific Telephone this week is preparing a check for more than \$15 million—an all-time high—to pay its personal property taxes next Wednesday to the Los Angeles County tax collector.

Exact figure on the check will be \$15,517,761.02. Benefits from it will go to 60 county municipalities including the City of Los Angeles.

Total Los Angeles County tax the company will pay for the 1958-59 fiscal year amounts to \$20,167,015.97, according to Manager R. S. Pyle. The second installment, payable April 10, is \$4,649,254.95.

The manager said that the total county payment will be an increase of 15 per cent over the company's property tax payment of the last fiscal year.

RIVIERA RUINS—Razing of the once swanky Hollywood Riviera Club is nearing completion as workmen of the Mead Wrecking Co. tear down the 30-year-old landmark which was destroyed by a disastrous fire two months ago. Press Photo

Tax Advice Given by U.S.

Do you end up owing the Government money every year on April 15, even though your salary and wages are subject to income tax withholding?

Robert A. Riddell, District Director of Internal Revenue for your area, says there is a simple way to solve the problem for next year now during the month of December.

"All you need is a written agreement between you and your employer authorizing an income tax deduction each payday for an amount larger than the regular deduction for you," he said.

There would be fewer unhappy April surprises for wage earners, if more taxpayers would take advantage of this authorized procedure, he added.

Riddell said two groups of taxpayers are likely to have a tax liability greater than the amount withheld.

In the first group, he said, are taxpayers who have income not subject to withholding such as dividends, interest, etc.

In the other group are taxpayers whose income is great enough to be taxed above the lowest tax bracket.

Riddell said the second group includes single taxpayers with incomes over \$2890, married couples without dependents with income over \$5780, and married couples with two dependents and income in excess of \$7110 who claim the full number of exemption to which they are entitled.
