WHAT? A Car with a MONEY COMPARTMENT?
In big cars it's called a gas tank. In the English Ford line we call it the money compartment... because of the enormous savings you make on gas. But that's only part of the savings—you make a big saving on the initial cost, too! Famous English craftsmanship, heavier steel than in many American cars, plenty of headroom, easy to drive in traffic. See the money-saving English Ford line at:
