

Set Signal Hearing

Riviera parents will have their turn at pitching for a traffic signal at Palos Verdes Blvd. and Calle Miramar at the April 14 meeting of the City Council.

Members of the Parkway PTA and Hollywood Riviera Home Owners Association are attempting to reverse a Traffic Commission denial of the signal request.

Fast Moving Refrigerator Stuns Seller

Mrs. John Kelly, of 1983 Reynosa Drive, was full of praise for the pulling power of a Torrance Press classified ad she inserted Thursday.

In it she advertised her Coldspot refrigerator for sale. The first person that came bought it for the price she asked.

"I wouldn't have been able to sell it if it hadn't been for the Torrance Press," Mrs. Kelly said.

If you have something to buy, sell or rent, call a courteous Torrance Press advertiser at FA 8-2345 and let her help you with your advertising problems.

TEACHERS HEAR CTA OFFICIAL—Members of the Torrance Education Association Wednesday heard Dr. Arthur Corey, executive secretary of the California Teachers Association urge them to strive to improve teaching standards and education of children.

New Tract Stalled by Water

Request for a variance for a 40-home West Torrance subdivision was tabled for two weeks when the request hit a snag over water service rights.

A motion by Councilman Robert Jahn that the variance be approved subject to the city receiving the right to serve the area east of Henrietta St. between Emerald and Spencer Sts., was defeated 5-2.

Subdivider Don Wilson termed the action "tantamount to denying it."

He explained he had purchased the land with the stipulation that the developed tract be served by the Dominguez Water Corp.

But city councilmen have a policy of reserving the municipal water department's rights to service new tracts.

Following a long discussion of legal problems involving prior assessments claimed by the private company, the council tabled action for two weeks.

Seek Lighting

The state will be requested to allocate funds for lighting intersections along 174th St.

The City Council made the request after prodding by the North Torrance Civic Improvement Association for better illumination of the major highway.

ONE CENT BECOMES 30 MILLION DOLLARS

Whenever steel wages and employee benefits go up by one cent an hour—poof—the cost of making steel goes up 30 million dollars a year! And when costs go up, sooner or later you will have to pay a higher price for all the things you buy.

transportation and everything else they buy. This indirect labor cost amounts to another \$15 million at the very least. If these pennies per hour of higher wages in steel or any other industry are not accompanied by corresponding increases in production efficiency, the result is inflation. Inflation benefits no one. It dips into the pocketbook of everyone—housewives, wage and salary earners, business and professional people alike.

The American Iron and Steel Institute brings you this message from the steel industry because

Inflation robs us all

Fund Drive to Build Pool for Handicapped Children

George Vico and Jim Becker will head the Torrance campaign to raise \$65,000 for a hydro-therapy pool for handicapped children.

The fund drive to install the pool at the Harlan Shoemaker School for handicapped children in San Pedro will be kicked off April 15 under the general chairmanship of Charles Soederstrom.

Each of four areas served by the school at 424 Weymouth Ave. will have a quota of \$16,500 to be raised in one month.

The Harbor Area Therapy Unit for Handicapped Children, Inc. was organized in January to raise funds for the projects which cannot be furnished by the Los Angeles School District.

School physicians state that of the 225 students enrolled in the school, 63 per cent are in need of pool therapy and an additional 18 per cent would benefit by it if the case load will permit it.

Principal Dorothy Carr pointed out that the pool could provide therapy for crippled youngsters as far north as Gardena, west to the ocean and in the east to Dominguez.

Vico and Becker said that the campaign will be a one-shot donation and that no future staff or maintenance cost will come out of the amount.

SHS to Hold Open House

Open House at South High School has been scheduled Tuesday. Parents of South High School students and the parents of eighth grade students and PTA board members of the Anza, Newton, Jefferson, Sepulveda, Seaside, Calle Mayor, Hillside, Waverly, Parkway, Riviera, and Meadow Park Elementary Schools have been invited to attend this annual event.

The program will start in the new gymnasium at 8 p.m., preceded by a short PTA business meeting at 7:30 p.m.

The evening's activities will conclude with refreshments to be served by members of the PTA.

Realtor Week Observed by Local Board

The Torrance-Lomita Board of Realtors links arms with hundreds of other boards across the nation today in launching observance of Realtor Week, April 12-18, Kenneth M. Miller, Board president announced.

The special week, so proclaimed by scores of governors and mayors in many states and cities, is designed to inform the public of the lofty aims and high professional services of Realtors, he said.

Among the highlights of a program scheduled here to tell about "Realtors—Those Pledged to an Established Code of Ethics" is a membership breakfast meeting which will be held April 14 at the Torrance YWCA, which will be designated, also to inducting new members into the Board. Prominent Torrance officials will be present.

"A Realtor is a broker who is a member of the local real estate board and the National Association of Real Estate Boards," Miller explained. "Only by membership in these bodies may a broker use the term Realtor as his 'Trademark'."

He said Realtors pledge themselves to observe NAREB's strict Code of Ethics, which is based upon the Golden Rule.

"The standards of this code are higher than those set forth in state license laws, and the local board is empowered to see to it that its members live up to

its provisions. Those skirting the code's terms face loss of membership," Miller declared.

The board president said that because of the Realtor's adherence to the Code and his experience, he is capable of properly caring for any real estate matter entrusted to him.
