Police said the burglar cut the lock of the rack at a Texaco service station at 17330 Crenshaw Blvd. Sunday morning and helped himself to 26 tires and two cases of oil.

### Moneta Avenue Improvement Told

Supervisor Burton W. Chace reported today that the County Road Department is proceeding with the improvement of Moneta Ave. from Carson St. to 218th St. in the Dominguez area.

The work will consist of extending the existing pavement on the west side of the street to join curb and gutter recently constructed by the adjoining property owners.

Supervisor Chace said the project will improve drainage conditions, increase traffic capacity, and decrease roadway maintenance costs.

The improvement is an important one, he added, since this portion of Moneta Avenue is a link between Carson St. and 223 St.—both major highways on the County Master Plan of Highways.

### Hi-Jinx Planned

Final plans for the Spring HI-JINX May 2 from 4 p.m. to 9 p.m. were discussed at the April Carl Steele PTA Executive Board Meeting, under the leadership of Mrs. Thomas Greene, president.

The HI-JINX promises to be a gala affair with booths sponsored by the PTA and many outside organizations and a ham dinner slated for the cafeteria.

Carl Steele School Library will soon be open, the books received in the recent book drive and those received through donations from local civic organizations and various publishers have been catalogued. Plans are being made to have the library available to students throughout the summer vacation.
