Russ Influence to Be Lecture

Dr. Stanley R. Townsend will present the final lecture in the series "Russian Influence—Today and Tomorrow" offered by the Adult Education Department of the Torrance Unified School District on Monday evening at the Torrance High School Auditorium.

Dr. Townsend, world traveler, educator and professor of German at the University of Southern California, will speak on "Germany, the Critical Country." He recently returned from a year in Vienna, the outpost of western freedom lying 20 miles from the Iron Curtain. Here he lived through the Hungarian Revolution and talked with refugees who had escaped Russian Guards. He was a special correspondent

DR. STANLEY TOWNSEND
for the Associated Press during Chiang Kai-shek's struggle with communism, school teacher in the mountains of Central China, and Japanese language expert for the Navy during the war.

IN MUSICAL FESTIVAL
Louis Higgenbotham, son of Mr. and Mrs. S. Louis Higgenbotham, of 21236 South Figueroa St., was one of the young musicians attending the University of California, Santa Barbara who participated in the Handel Festival in Santa Barbara. He took part in a Maundy Thursday concert as a soloist in the presentation of Handel's "Passion."

VAN SEZ:
Do you know that the man who discovered gold in California died in poverty? He was James W. Marshall.
