

TOLL GATE—A mechanical gate has been installed in the Bank of America's downtown parking lot in order to save space for its customers. Motorists are now given an exit coin when they transact business in the bank and put the coin in slot to activate mechanism which lifts arm

for them to leave the parking lot. The arm goes up automatically when cars enter lot, except when all 46 spaces are filled. Pointing out the features of the mechanism is R. E. Taylor, operations officer, who explains that after banking hours the lot is open to non-customers.

WATER PETITIONS
Petitions for the formation of a water replenishment district will be filed shortly after the drive reaches its goal. While several other cities made their quota, Torrance secured only approximately one-third of its goal.

Plane Crash Probe to End This Week

(Continued from Page 1)
enish told him that something struck the plane and he was unable to control it. He said he was heading back toward Torrance Municipal Airport from where he took off seven minutes earlier.

The pilot escaped virtually unscathed from the accident. Another person, Mrs. Pearl Riggles, of 2042 Kathy Way, suffered scalp cuts from flying glass.

The plane first struck the roof of the home of Mrs. J. W. Crew, plowed through telephone wires which ripped off a wing and crashed into the Williamson yard.

Kids to Kids Aid Given by Pupils

Fifth grade pupils of Madrona Elementary school, 21364 Madrona Ave. have just sent \$72 to CARE for needy children overseas.

They selected children of Konya, Turkey as recipients of their gifts. Under CARE's Food Crusade program, 22 pounds of surplus agricultural products are delivered overseas for every dollar contributed.

Miss Margaret Fox is teacher of the class and Stanley Bissell, secretary.

BIFOCAL COMPLAINTS Often Start HERE!

People who complain about bifocals generally have difficulty seeing clearly at distances between 18 and 50 inches. If that is YOUR trouble, come in and let us show you how Continuous Vision Glasses can clear up that aggravating middle distance blur. Find out how you can again read package labels on store shelves, see clearly across the card table, check the instrument panel on your car, etc.

Say "goodbye" to the craning and squinting that cause eyestrain, headaches, and nervousness! Ask for a demonstration of Continuous Vision Glasses without obligation. Easy terms on all glasses. Pensioners welcome.
