MORE

For Your Money

Do You Know...?

1. That a Dodge Hardtop can be purchased for little more than the cost of the "low priced 3?"

2. That is costs less to operate? Dodge V-8 used just 2.84 gallons more gasoline in Mobil Gas Economy Run for the full 1890 miles than Car RA; only 1.6 gals. more than Car R de luxe 6; just .2 gals. more than Car S-6. These are the so-called "economy cars." This big Dodge 8 used 12.4 gals LESS than Car F-8, and 14.4 gals. LESS than Car C-8 in this 1890-mile test run.

3. That Dodge has set the trend in styling for the past 3 years?

4. That Dodge has more contact brake area, assuring safer, surer stopping? Check on this.

5. That Dodge was chosen by the California State High way Patrol as its official patrol car-after competi tive tests were run?

200 Automobiles for Sale 200 Automobiles for Sale

We understand that Detroit is contemplating a "different" sort of motorcar for you. A car that even resembles a car instead of a vehicle for interstellar travel. A car that is fun to drive, darts nimbly through traffic, and slips neatly into half a parking space. A car that stays young longer, depreciates more slowly, burns less petrol, and reduces those frightful maintenance costs. Well, good luck to them, we say. But we'll wager our last shilling that it will be some years before Detroit meets these specifications with quality of cars produced at British Motor Corporation. And at such prices! After all, BMC has been building small cars since 1895and sports cars since 1923. That's why your BMC dealer is able to offer today such a wide range of family cars. starting only \$1495, and sports cars for as little as \$1795.

Aut. obiles for Sale

AUSTIN Austin-Healey

AUSTIN A-40—A family sedan with the rakish lines of a station wagon! Fine British craftsmanship throughout, with styling by the fine hand of the famous Halian designer, Pinin Farina. Miles per gallon: about 38. Priced from \$1795.

Small Cars and Sports Cars

The very tightness of that little British Isle has spawned the kind of BMC cars that so well fit the needs and pleasures of Southern California today. Economically, the smaller cars designed for Britons, by the necessity of high petrol costs, work to our advantage because of the greater distances we drive. Physically, the smaller cars that are more easily driven in the cramped environment of England now help us in our own jammed traffic and parking situations. And Southern Californians have given more than sufficient evidence that they are cousins in the British ideas of motoring fun by the continuing climb of BMC motorcar sales. Finally, even BMC would have to admit, sadly, that the Southern California climate offers an incentive to sports car driving that England isn't equally noted for. So, really, a BMC car makes even more sense here in Southern California. Just look around you: the men and women whose judgment and taste you most respect are driving cars with a British accent. SO WHY WAIT FOR DETROIT TO EXPERIMENT WITH THE KIND OF CAR THEY THINK YOU WANT? Whatever your needs, preference or budget, you'll find just the car for your at your exclusive BMC dealers listed below. NOT NEXT YEAR OR THE YEAR AFTER, MIND YOU, BUT RIGHT NOW!

"BMC CARS RUN 'TIL THE ROAD WEARS OUT"
