Girls, 11, Topple Husky Males in Science Contest

By using the scientific method, two fifth grade girls managed to win a tug-of-war with two hefty men at the Torrance Educational Advisory Committee meeting Monday noon.

Recreation Director Harry Van Bellehem and the Rev. Milton Sippel lost the tug-of-war to the two 11-year-old students in a demonstration at the Torrance Educational Advisory Committee meeting Monday noon. The program showed how science is taught in both elementary and high school classes.

The two girls were members of Hugh Dooley's class at Fern School. The tug-of-war demonstrated the use of pulleys, while in another demonstration, the class weighed Assistant Superintendent Albert Posner to demonstrate the use of levers. The class made the "scale" themselves. Taking part were Karen Boulton, Peggy Ackerman, Jackie Bethes, Pamela Fleming, Keith Wheatley, and Brian Lynn.
