Four-Fifths of High School Boys Pass Leatherneck Test

Approximately four-fifths of the standard Marine fitness test to more than 2000 boys in physical education classes. Average score of the local youths was 48 per cent.

Coaches in the district's three high schools joined with local Marine recruiters in administering

by the percentage of the perfect mark each boy obtained.

Capt. Thomas Kalus, Sgt. Ernest Hayes, and Sgt. Robert Okamoto, all Marines, helped to administer the tests at all schools. They indicated that the Torrance scores were comparable with those of boys accepted in the Marine Corps for the first time.

MONEY FOR "MS MARCH"—Mrs. Shirley Coleman (right), chairman of the "MS March" in Torrance, receives an encouraging starter of more than \$100, presented on behalf of the Torrance Education Association by Mrs. Muriel Cassidy, charity drive chairman, and Edward Sheets, president. Funds go to aid victims of "MS," multiple sclerosis, and for research into the cause and cure of this "mystery scourge" which strikes men and women in their most productive years, the 20-to-40 age group. Mrs. Coleman is undertaking the challenging volunteer job of organizing the first "MS March" in Torrance.

Seniors Selected for Math Study at University

Thomas B. Coleman, Carol Mathlin and Katrina M. Yurgionas, seniors of next year at Torrance High School, have been selected to participate in the National Science Foundation Institute in mathematics at Loyola University, Donald Cannon has been named an alternate.

Object of the program is to encourage an interest and provide for the development of ability in mathematics. Eighty students were selected from the Los Angeles area to participate in the program. Selection was based on superior achievement and interest in mathematics.

The three students will attend weekly classes at Loyola University during the coming school year. Reimbursement of transportation costs is provided by the National Science Foundation.
