Rocket Joe was the only man willing...  
 The trial was scheduled for noon. He wanted to claim the height of fame  
 With a rocket trip to the moon.  
 A space ship awaited our hero; The levers and gears were checked—  
 The experts agreed that he could succeed...  
 No detail did they neglect.  
 But Joe seemed a little reluctant To place his confidence in  
 A ride in a rocket with jet-propelled sprocket  
 And parts made of nothing but tin.  
 So he told them in tones that were certain  
 That he never could go that far...  
 For his trip through the blue (and all other trips, too)—  
 He wanted a KENNETH USED CAR!
