County Health Ordinance Set for Discussion

Proposed changes in the existing county health ordinance will be discussed at the regular quarterly meeting of the Lomita Civic League to be held Oct. 1 at 8 p.m. in the auditorium of the Lomita Elementary School at 247th and Narbonne. The division of the county into health districts, and jurisdiction in Lomita of the county health center located in Torrance will be explained.

The speaker will come from the Sanitation Division of the County Health Department, and will define the jurisdiction of the Health Department as distinguished from that of the Building and Safety Department, which has control of the use of trailers outside of trailer parks, and reconditioning of houses which have been moved.

The Civic League has asked the County Health Department for an opinion as to whether the department has jurisdiction over unwholesome conditions due to the failure of a local water company to furnish sufficient water for household use.

The public is invited to attend the meeting. A special invitation is extended to newcomers to the community.

Press Classified Ads do the job fast and economically. Call FA 8-2345, ask for an ad-taker.
