Name Consultant to Advise on the Construction of P.V. Golf Course

On the recommendation of Supervisor Burton W. Chace, the Board of Supervisors last week named William F. Bell as consultant in the construction of the Palos Verdes Golf Course.

Bell, who has been the architect in the preparation of plans and specifications for the development of the course, will act as Golf Course Consultant to the County Engineer and the Department of Parks and Recreation.

Included in his duties will be the preparing of a routing plan and scale models of the greens which will be used by the County Engineer's staff in preparing the contract drawings. He will also approve all drawings and, upon request, provide necessary field supervision during the construction period to be certain that the golf course development conforms to the accepted golf course layout standards. His fee will be \$8,000.

Concealed Pork Chops

Anna Louise Chairez, 33, a native of Mexico, residing at 1561 West 227th St., had a filet mignon steak and a large package of pork chops concealed in her purse after passing through the check stand of a local market yesterday, according to a "citizen's arrest" report filed with Torrance police by the butcher of the store.

Located north of Palos Verdes Drive on Crest Drive, the golf course will provide off-street parking for 225 cars.

The driving range, which will comprise more than nine acres, will have a minimum of 50 stations and will be so oriented that control can be maintained from the pro shop of the golf course house. It will be lighted for use in the evenings.

Supervisor Chace has specifically asked that the Palos Verdes Golf Course be completed and ready for use before the next fiscal year of July 1.

CAMP FIRE GIRLS Anne Yokoyama, left, and Linda Kern put final touches on nature project to be shown at the Camp Fire Girls' booth in the Youth Building, Los Angeles County Fair. The photo shows bird and animal identification boards with electrical hook-ups, built and wired by Okiciyapi Winuki Group of Camp Fire Girls in Torrance and Hermosa Beach.

Why Are Two Floors Still Vacant in New County Hospital? Hahn Asks

Supervisor Kenneth Han today asked for a full investigation and report from Dr. Maxwell R. Brothers, Medical Director of the Osteopathic unit of the Los Angeles County General Hospital, on why two entire floors of the new \$8,000,000 Osteopathic Hospital have not been equipped and placed in operation.

The Supervisor reported to his colleagues on the Board of Supervisors that he had made a personal inspection tour of the County General Hospital last Sunday evening and learned that the two floors are not equipped or being used.

"The Osteopathic Hospital was dedicated nearly a year ago. It is one of the finest facilities in the world. Yet full use of the new hospital is not being made and two valuable floors of hospital facilities are being wasted," Supervisor Hahn declared.

He stated that at the very least each room and ward on the two floors should be equipped with beds, mattresses and supplies for caring for the sick so that the two floors would be available for emergencies.

On conferring with Robert Thomas, director of the Los Angeles County General Hospital, and Dr. Glenn Gordon, acting director of the Hospital's osteopathic unit, Supervisor Hahn received assurance from Thomas that he will make every effort to fully use the empty bed space as soon as possible.

"We anticipate an increased patient load in both the Osteopathic and Medical Units of the General Hospital within the next few weeks and months and new hospital space not being used will be placed in operation at the earliest possible date in order to accommodate the increased patient load," Thomas said, adding "this should relieve the pressure on the other overcrowded areas of the hospital."

Chief Deputy Purchasing Officer of the hospital.

Police Show Will Honor Memory of Sgt. Bob Lewis

The Torrance Police Officers Association announced today that by popular demand, Nelson Riddle and his orchestra will repeat for the annual Torrance Police Show and dance, Nelson Riddle also will back up the variety show scheduled this year for 8:30 p. m. Saturday, Nov. 7, at Long Beach Municipal Auditorium.

Proceeds from the show and dance will be used to support the many youth activities sponsored by the Torrance Police Officers Association.

"This year's show is dedicated to the memory of Sgt. William R. Lewis, who lost his life in the line of duty Aug. 23, 1959," Capt. J. W. Maestri said.

"He was the first officer in the history of the Torrance Police Department to be killed in the line of duty. Sgt. Lewis was a veteran of 10 years with the department. During these years he built an outstanding record of diligent service and will long be remembered for his helping hand to the public and his friendship toward his fellow-officers. His death was a great loss to our department. Every officer of the department has felt this loss," Maestri declared.

"In deepest sympathy to his family and as one of the finest officers in the history of the department, this show is dedicated to Bob's memory."

Agent Victor Quam reported to Supervisor Hahn that he has new beds on order for the Osteopathic Hospital and anticipates delivery within 90 days.
