

Scholarships Offered Here by Armco Steel

An annual scholarship has been established in the Torrance area by Armco Steel Corporation. It is one of 20 offered by the company in the communities where it has plants. The program was extended to National Supply plant communities following merger of National with Armco. The Fluid Packed Pump Company, Los Angeles, is a division of National.

Each scholarship is for four years and valued at \$650 a year. Competition is open to seniors in public, private or parochial high schools in Torrance or Los Nietos who plan to major in engineering, chemistry or physics. If the winner enrolls in a private institution, Armco will pay \$500 a year additional to that institution.

Sons and daughters of employees are eligible. In addition, sons and daughters of Armco and National employees are eligible to compete for the George M. Verity Memorial Scholarship, one of which is awarded annually without geographical location. This is a four-year scholarship, valued at \$1000 for the first year and \$750 for each of the three following years.

KEEP CHILDREN AWAY. Small children should be kept away from automatic clothes dryers, according to the Greater Los Angeles Safety Council. To small minds these machines make good hiding places, but they can also become death traps if a child is locked inside.

ATTRACTIVE—Exterior home design is one of 45 stylings created by Harris, Rice & Campbell, A. I. A., for Grandview Palos Verdes, luxury community on slopes of Palos Verdes peninsula. Three and four-bedroom, den or family room homes, with up to 1813 square feet, are priced between \$23,200 and \$38,500.

Skunk from Texas. Peril to Southland

Public health officials of California and Texas are trying to trace a possibly rabid skunk shipped from Clyde, Texas, to the Los Angeles area early in August.

Torrance Gets Tax from State

The 50 counties and 301 cities quarter distribution of sales tax collections generated by second-quarter transactions. Total sales tax revenue distributed to Torrance this week amounted to \$215,837.

18-Hole Golf Course Planned Near Grandview Palos Verdes

William C. Kulow, sales director of Grandview Palos Verdes, said today that an 18-hole county-owned golf course is due for construction on a 172-acre site less than two miles from the community.

He said the county Department of Parks and Recreation informed him plans for the new facility should be completed within nine months and will provide for a locker room, pro shop, starter's office and a nine-acre driving range.

The driving range will have a minimum of 50 stations and will be lighted. Construction of a clubhouse with bar and dining facilities and attractions such as a short order snack bar and golfmobile storage, will depend upon participation of a concessionaire.

The Palos Verdes Country Club, owned by Palos Verdes Estates and open for public play on week days, is available to golf enthusiasts.

Grandview Palos Verdes presents three and four-bedroom, den or family room, two-bath homes containing up to 1813 square feet. Prices range from \$23,200 to \$38,500 and VA terms require no down payments—costs and impositions excepted—of qualified veterans. Down payments are from \$2350, plus costs and impositions, for non-veterans.

There is a selection of 45 traditional, contemporary, and farmhouse exterior designs in the community, and among construction highlights are lath-and-plaster walls, 50-gallon water heaters, and downspouts, rock

or wood roofs, continuous steel-reinforced concrete foundations, ash slab doors, ash cabinets, brick fireplaces with log lighters, and oak floors.

Kitchen features are Nutone range hoods with exhaust fans and lights, waste disposers, and Gladding McBean Superamic tile stove, and sink back splashes. Most home plans call for 100,000 to 140,000 BTU Lennox forced-air heating systems, built-in Gaffers & Sattler gas ranges, and automatically controlled ovens and rotisseries, electric dishwashers, colored bathroom fixtures, and imported ceramic tile-enclosed tubs and stall showers.

Open daily from 10 a.m. at 27781 Hawthorne Blvd. are 12 models, nine of them furnished and decorated. They may be reached via Hawthorne or Crenshaw Blvds. to Palos Verdes Dr. and Silver Spur Rd.

Rose Float Becalmed by Merchants' Apathy

Torrance Chamber of Commerce officials this week announced the fund-raising promotion for the city's entry in the Tournament of Roses Parade on New Year's Day is badly lagging.

Float Chairman George A. Bradford was mailed to Torrance businessmen and as yet not \$1000 has been realized. "Perhaps it's just too early yet for people to get into the holiday spirit" Bradford said, "but if Torrance businesses and industries don't show signs of support for this civic endeavor, there is a serious chance we won't be in the line of march New Year's Day."

Bradford, City Councilman, restated the chamber's policy of not asking the city to pay for the float. Contributors include: The Great Atlantic & Pacific
