

10 O'CLOCK Scholars Get up for 6 to Study Chemistry

Members of Frank Crean's South High science research class get up at 6 every morning to watch physics and chemistry classes on TV. The students also meet twice a week after school and Saturday mornings.

Most class members are taking the Continental Classroom course for credit. The SHS students are the only high school group to do so as a body. If this weren't enough, three members of the class also are taking courses at El Camino.

Crean's class watches Dr. Harry White's atomic physics lectures on Continental Classroom each morning at 6, and hear UCLA's Dr. John Baxter talks on chemistry at 6:30. Only the physics course is being taken for credit, however, since the teacher feels that both classes, added to their high-school programs, would be too much of a load.

The science-research class includes top academic seniors who are interested in science.

Each member also is writing a research paper on some phase of physics. Topics include such subjects as "Liquid vs. Solid Propellants," "Plasmoids in Space Travel," "Why Satellites Stay Up," "The Van Allen Belts," and others. Crean assigned these topics, but students will choose their own subjects next semester.

Two class members—George Sobabe and Steve Rodgers—recently imparted their knowledge of air to third and fourth graders in Anza Elementary School. Both boys were surprised to discover the Anza principal, Carl Shaner, had been their fifth-grade teacher at Riviera School.

Crean hopes his students will be asked to make more such appearances.

Science researchers also come on Wednesday and Friday afternoons and on Saturday mornings for additional study and work with scientific equipment. Crean plans to have guest lecturers from industry or colleges speak to the students from time to time.

Banks to Head Theater Group

Howard M. Banks, theater-arts instructor at El Camino College, last week was elected president of the American Educational Theater Association.

He was chosen during a fall conference of the Southern California district of the association on the UCLA campus. He has been executive secretary of the group three years and was organizer of the conference.

Calle Mayor Gets Safety Committee

An accident-free year is the aim of the newly formed safety committee at Calle Mayor School, according to Steve Boggs, committee president.

Students plan a safety-patrol program, bicycle-safety course, safety films, and other programs to ensure no accidents. Other members of the committee are Bill Slinkard, Pam Betus, Sandra Wall, Wesley Steele, Jan Singer, and Kristine Pfau. Sponsor is George Papadakis.

MOSAIC CLASS SCHEDULED AT CRAFT CENTER

A month-long course for adults will begin Monday at the Torrance Arts and Crafts Center, according to the Torrance Recreation Department.

The group will meet Mondays at 7 p.m. in the center at Sea-Aire Park, 22730 Lupine Dr.

Erika Muhl, instructor, said the course is an opportunity to make unusual Christmas gifts, such as mosaic tables or wall decorations.

Registration is \$1.

North Torrance Group to Hear Talk on Theater

Benefits of a Little Theater to a community will be the topic of Director Herman Goodman's discussion Thursday at the general meeting of the North Torrance Civic Improvement Association. Meeting will start at 7:30 p.m. at McMaster's Park.

The association is sponsoring the Footlight Theater and inviting those interested to attend and learn its plans. Goodman is rehearsing "Dear Ruth," a two-act comedy.

Refreshments will be served after the meeting.

Hahn Asks Clean Fuel for Engines

On motion of Supervisor Kenneth Hahn, the Board of Supervisors this week directed that an urgent request be sent to major oil companies in Los Angeles County to step up research, development and production of "anti-smog" gasolines.

Gordon T. Nesvig, chief clerk, was instructed to inform presidents of companies of the importance of going ahead as fast as possible with cleaner fuels.

Miss Galbreath Named Officer of Alpha Gamma Sig

Linda Galbreath of 26502 President Ave., Harbor City, has been elected secretary-treasurer of Alpha Psi chapter of Alpha Gamma Sigma at Harbor College.

The organization is an honorary scholarship society, and this chapter will be represented at the annual regional conference Friday at Riverside City College.

To be eligible for membership, students must maintain an A-minus average. After three semesters, the average entitles them to permanent membership and a gold pin at graduation.

Dr. Isabel Beck is faculty sponsor.

Fastest Ways to Leave City—and Come Back

Leaving Torrance? Hope you're coming back. In either event, the speediest routes to and from during rush hours have been discovered through a survey by the Los Angeles Traffic Department under Sam Taylor, manager.

Harbor freeway averages 52 miles an hour during the rush period. It is accessible from Figueroa just north of El Segundo Blvd.

South of the freeway, Vermont is fastest during rush hours with 27-mile-an-hour average. Normandie is next at 25, and Figueroa trails at 21.

East-westwise, Artesia is tops at 28 miles an hour, then 161st St. and Alondra Blvd. 21, Redondo Beach Blvd. 19, and Rosemead and El Segundo Blvds. 15.

Western approach to Figueroa is a zippy 7 miles an hour.

Do You Know This Man? (Maybe He's You)
We're looking for a young man who has that little something extra on the ball. He has an unusually pleasant personality and likes to meet and talk to people. Also, he's unusually ambitious; wants to get started right now on his big job, and the big money. He's somewhere between 21 and 45, and his present job is selling vacuum cleaners, or books, or milk or insurance—BUT SELLING something. When we find him, we want to offer this unusual young man a most unusual job—a job as a salesman with San Pedro Motors—even though he's never sold automobiles before. A job that's challenging and rewarding—selling an exciting product that is highly salable and that comes out in a brand new model every year. A job that allows you to build a solid clientele which will stay with you year after year. A job that will give you free training, the use of a new Buick or Opel and free access to excellent leads. Take a good look in the mirror. Do you see what we mean if so, come in and see Don Iverson at San Pedro Motors, 1600 S. Pacific San Pedro, Calif. TE 3-1303.
