of its \$28,401 quota already collected is well over the area average. In the commerce-and-industry section it leads the Harber area, with 35.78 per cent of quota reported; its advance collection is second highest in the area at 64.13 per cent; North Torrance residential collection, with 90.45 per cent, also is second highest; and Mrs. Kenneth Uyeda of North Torrance is the first division chairman in the Harbor area to reach 100 per cent of quota.

Three Torrance section chairmen have reported 100 per cent in the residential drive: Elizabeth McKenna, (north Torrance) Mrs. L. W. Mosler (central), and Bea Johnson (south).

The residential campaign in north Torrance has been one of the successes of the 1959 drive. Mrs. Richard Gerald's reached 90.45 per cent of her quota in just over a week's campaigning and has brought her unit to within striking distance of over-all leader Mrs. Joseph Morillo's Gardena volunteers in the race for the J. A. Robinson trophy.

The trophy is awarded at the end of the campaign to the city with the highest percentage of Bowl - O - Drome's Wednesday quota. Gardena is the present
