Framing-Lumber Grades Required

Norman M. Lyon, director of the Los Angeles insuring office of FHA, today said that, effective April 1, all framing lumber used in housing built under FHA inspection will have to be grade-marked.

Grade marking is being used in 12 of FHA's 75 offices, but now it is being made mandatory nation-wide.

All softwood framing lumber going into houses with FHA-insured mortgages after next April 1 will have to be identified by the grade mark of an association
