hath given hostages to fortune;
for they are impediments to
great enterprises either of virtue
or mischief.

Meanest Thief's Double Steal

The year's first meanest thief candidate is abroad today, still scott-free.

Twins Steven and Stanley Sibley, 11½, lost their beloved bikes to a thief last week. To make matters worse, Steven's bicycle arrived brand-new on Christmas — partly financed by the sale of his refurbished old bike. Stanley's had also been rejuvenated, preparatory to sale

and purchase of a new one.

While the boys played on the grounds of Hamilton Elementary School, the thief or thieves struck and made off with the two prized possessions.

Steven's Schwinn bike is black, heavy-duty type, with big spokes. Stanley's Reynal had big handle bars and displayed license No. 23554.

The boy's parents, Mr. and Mrs. Edward Sibley, 3137 W. 180th Place in Torrance, are very anxious to recover the bikes. Call the Sibley residence at DA 3-2348 with any information as to the two stolen bicycles.

Girl Is Pony Winner

Little Cathy Eckar, 7, of 25434½ Feijda Ave., Lomita, was the winner of a real live pony last week.

The prize was donated by the Tight Cinch Western Store at

Union Carbide in Safe Year

Union Carbide Co. has surpassed 1,000,000 hours worked without a lost time accident. The Torrance plant which employs approximately 375 persons has reached a perfect safety record year twice since it commenced operation in 1956.

Members of the General Safety Committee, who are responsible for safety planning, are hoping for continued safety precautions. Members of this General Safety Committee are Messrs. F. E. Brannon, B. B. Cowser, R. L. Bogardus, W. E. Knight, B. M. Hannigan, H. L. Weaver, J. D. Quinn, H. J. Phillips, and R. N. Stapleton, all of whom are supervisors at the plant and reside in the immediate area.

SAFETY RECORD — Union Carbide Co.'s safety committee proudly displays sign indicating more than one million man-hours without a lost-time injury. The record streak continues into the new year.

Marine Reserves Increase Trainees

Because of increased Southland interest in the Marine Air Reserve Six-Month Program the local command has been authorized to double its usual monthly input allowance. For the first time in its history the Marine Air Reserve Training Command, NAS, Los Alamitos, may select 22 men, between 17 and 25, to begin training this month.

The plan permits a man to enlist in one of the six squadrons at Los Alamitos, spend 12 weeks in basic training at San Diego, 15 days leave, six weeks at Aviation School, Jacksonville, Fla., and return to Los Alamitos for release and reserve participation in monthly weekend drills.

Especially popular with college students and young men starting out in business and industry, the program allows fulfillment of military obligation with a minimum of interruption to civilian pursuits.
