Lucky Stores to Open Branch in Palos Verdes

Lucky Stores, Inc. has announced plans for an ultramodern, 30,000-sq-ft supermarket in the new 30-acre Palos Verdes shopping center at Hawthorne and Silver Spur Road, Palos Verdes.

The grocery chain, which operates 27 markets in Southern California, has signed a lease with Jerome Moss, developer of Palos Verdes Peninsula Center. Construction is scheduled to begin this spring with completion by next fall.

The new shopping center will house 60 stores and serve a primary area of 35,000 population. The fastest-growing supermar-

TORRANCE 5TH LARGEST IN COUNTY

Torrance, which was not even in the running 10 years ago, today stands in fifth place among the county's 10 most populous cities.

With an estimated tally of 101,558 last week, this city trails only Los Angeles (2,473,261), Long Beach (319,957), Pasadena (233,737), and Glendale (119,958).

The figures were tabulated by the county Regional Planning Commission.

ket chain in the West, Lucky opened 14 new stores last year and added two more during January. Company headquarters are in San Leandro.

Civil Liberties Group Waits Date for Censorship Forum

The South Bay chapter of the American Civil Liberties Union last Wednesday met at Temple Menorah to plan a forum on the peril of censorship of the press under the guise of "decency."

The Gardena Decent Literature Committee, which will co-sponsor the forum, will meet Feb. 24, after which the date will be announced.

It has been agreed the event, which will have national significance, will take place at the Alondra Park Methodist Church. The Rev. Sanford Sweet of Hollypark Methodist

Church will be moderator. A report was given from the Teachers Defense Committee of Los Angeles on the fate of teachers who were called before the House Un-American activities committee here last year.

It was brought out that the committee departed, leaving investigators behind to pick off teachers individually and accomplish what the committee could not do publicly.

As a result, it was disclosed, teachers permit renewals were denied, teachers were suspended, and a life credential taken away.

An analysis of Los Angeles police brutality, as reported to a civil rights hearing last week, was presented.

The South Bay group adopted by-laws of the Southern California parent ACLU. Officers will be nominated at the organization's next meeting.

Explains Amazing Rise in Contact Lens Use

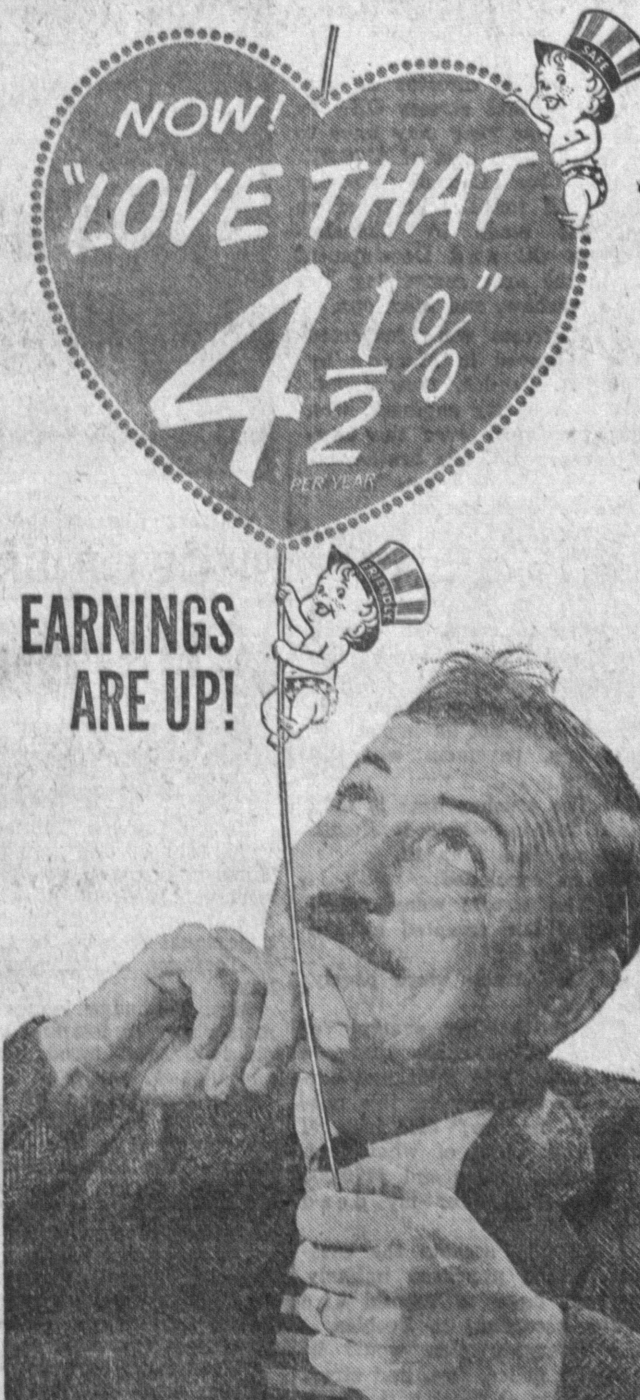

According to press reports, new-type contact lenses are taking the country by storm. Dr. J. M. Soss, optometrist at 1268 Sartori Ave. and in the Harbor area for 32 years, points out that this phenomenal surge in popularity is due to the fact that the public is realizing that perfected plastic contact lenses are a safe, economical method of correcting the vision of people in all walks of life. Because of their tiny size and almost weightless construction, modern "contacts" can be worn comfortably for as long as 16 hours at a stretch. Dr. Soss states that those who call at his 1268 Sartori Ave. office can find out, without obligation, how easy it is to wear contact lenses. No appointment is necessary, and Dr. Soss' offices are open Friday evenings and all day Saturdays. Convenient terms. Phone FAirfax 8-6602. Soss offices are maintained also in Long Beach and Wilmington.
