I-D**Council Blasts
City Manager**

Mayor Isen and Councilman Willys Blount Tuesday lashed out at what they called failure by the city's administrative department to follow through on council orders.

"We issue directions, and it's just like whistling the 18th chorus of Dixie," said Blount.

Isen said that a month ago the council ordered the dog-leg on Arlington Ave. to be vacated as a prerequisite to cutting the street straight through. Nothing has been done he said.

He said the engineering department knew nothing about it, the city attorney's office likewise, and it was up to City Manager George Stevens' office to see these things were executed.

Isen said things have come to a pretty pass when the council must keep checking to see that its orders are carried out.
