ON CAMPUS

Drifting in a green dream-
world... that was the sensa-
tion Narbonne students had
Thursday night at the Sham-
rock Ball!

Take an atmosphere afloat
with shamrocks, music render-
ed in a pulsating beat, and a
variety of tempting refresh-
ments, multiply by \$1.50 (per
couple admission) and it was
an evening to be remembered.

Hundreds of Narbonneites
piled into the auditorium
Thursday to watch fellow stu-
dents reveal latent abilities in
that semiannual, but always
successful event, the talent
show.

Highlight of the show was
a faculty skit which drew
many a loud roar of laughter
from the audience.

Darrel Jung, director of stu-
dent government, said that he
was so proud of this year's
talent show that he would like

it to be seen at Fleming Junior
High.

Math-science enthusiasts will
have an opportunity to exhibit
their "creative genius" at the
Math-Science Fair Wednesday
in the multipurpose room.

Judging of projects will take
place in the afternoon by
math-science supervisors Keith
Smith and Charles Migliazzo
from Los Angeles.

Chief purpose of the event
is to stimulate and recognize
budding young scientists.

Officers for the spring sem-
ester of the California Sci-
ence Federation were elected
last week with the following
results:

Robin Ryland, president;
Einar Sunde, vice president;
Lynn Hongola, secretary; Sue
Newlin, treasurer.

CSF members are now look-
ing forward to a visit from
the distinguished Dr. Wendel
Miller, March 23.

"CONTACTS"...

Are They Expensive?

News about the new plastic contact lenses has captured
the interest of glasses wearers. Yet, many who would like to
be free from wearing "spectacle" frames are depriving them-
selves of the benefit of "contacts" because they think the cost
is prohibitive. Actually, over a period of years, contact-lenses
may SAVE you money!

In our 32 years of practice in the Harbor area, we have
pioneered in fitting contact lenses, and our prices are as low
as lens excellence and expert fitting allow. Liberal terms are
gladly extended. We are open Friday evenings all day Sat-
urdays for your convenience. Get ALL the "facts and figures."
Come in for a no-obligation demonstration or mail the coupon.

NEW CONTROL CENTERS
help telephone people install and
repair phones more economically.
Such things as flashing lights on big
maps tell dispatchers where men are
working and what jobs are waiting.

This saves valuable time because it
tells dispatchers which man is near-
est the next job. It is one way we
hold down installation and repair
costs. And that helps us give you
more for your telephone dollar.
