Easter Parades
Date Back to
Christian Rite

The first Easter parades weren't the fashion shows Irving Berlin wrote about, but the celebration of a new life.

The custom of wearing new clothes on Easter Sunday dates from the early days of Christianity, when newly baptized Christians were clothed in garments of white linen.

Researchers with World Book Encyclopedia report that baptism has always been closely associated with Easter. Just as the Resurrection represents the new life of Christ, so baptism represents the initiation of the believer into a new life.

In the early Church, Lent was the annual season of preparation for baptism, and the sacrament was celebrated on Holy Saturday during the Easter vigil.

Eventually all Christians began to dress up for a joyful parade through town ... much to the joy of today's clothing manufacturers.

God's Harmony
Scientists' Topic

How God's goodness and allness establishes the basis for universal harmony will be the topic Sunday at the First Church of Christian Science, 2980 El Dorado St.

The question "Are Sin, Disease, and Death Real?" is the subject of the lesson-sermon.

Scriptural selections will include the following passage from Deuteronomy: "Hearken, O Israel, unto the statutes and unto the judgments, which I teach you, for to do them, that ye may live, and go in and possess the land which the Lord God of your fathers giveth you ... Know therefore this day, and consider it in thine heart, that the Lord he is God in heaven above, and upon the earth beneath: there is none else."

The Golden Text is from Psalms (103:2-4), "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction."

Life Insurance
Now Possible
Without Exam

New York Life Insurance Company now will issue up to \$25,000 of individual life insurance without a physical examination, according to Charles F. Edwards, regional vice president in Los Angeles.

Non-medical limits have been increased from \$15,000 to \$25,000 for ages 0-25, and from \$7,500 to \$10,000 in the 31-35 age group.

Limits of \$15,000 for ages 26-30 and \$5,000 at ages 36-40 remain unchanged.
