New General Electric Filter-Flo Washer gives you

## AUTOMATIC BLEACHING

General Electric Bleach Dispenser measures, dilutes, and adds bleach scientifically to give you clean, bright washes.

General Electric's Automatic Bleach Dispenser takes over the hard-to-do bleaching job. The bleach you need for any wash load is accurately measured by simply depressing the fill lever. That's all you do! At the moment the bleach will provide best results, it is diluted and automatically added to the wash water. Three quarts of liquid bleach can be safely stored.

- Automatic-rinse agent dispenser
- Big 10 pound capacity
- Rinse temperature selection
- Water saver
- Cold water wash key

Model WA 1050T

**ONLY \$10 DOWN**

No Lint Fuzz On Clothes  
Lint is caught in the non-clogging, moving filter, not on the clothes.

Five Automatic Cycles  
Automatically you get the right combination wash and spin speeds, wash and rinse temperatures and time for any type of washable fabric.

Low weekly payments  
... up to 36 months to pay  
Your trade-in may be  
your down payment.
