Scouts Return from Camp in Angels National Forest

South Bay District Boy Scouts have returned from their spring camporee at Horse Flats in the Angeles National Forest.

Approximately 850 boys attended. Among these were 23 boys of Torrance Troop 996. The troop left Anza school at 7 a.m. Saturday and arrived at camp at 9.

The boys set up camp, had lunch, and joined the camporee activities.

Trails on signaling, first aid, signs, silent trial, silent camp with hand signals were arranged.

The Panther Patrol of Troop 996 won a ribbon on the silent trial and silent camp.

Evening activities began at 7:30. Order of the Arrow and Tap Out ceremonies were held. Troop 996 had two members tapped out, Jimmy

Stockton, senior patrol leader, and Don Morgan, Scoutmaster.

This was followed by slides on forest fires and erosion, shown by the area forest ranger. The boys had breakfast Sunday and attended religious services. Closing ceremonies were held at 10:30.

One Patrol of 996 went on a hike Sunday morning and found a rattlesnake.

Summer Dates Set for National Guard

Some 7700 members of Southern California's largest military reserve component, the 40th Armored Division, California National Guard, began circling their calendars this week as the dates for the 1960 summer encampments were announced by Maj. Gen. Homer O. Eaton Jr., commanding general.

Torrance units will camp at Fort Ord July 30 to Aug. 13.

"Miracle Glasses" Erase Years from Appearance

Most people postpone the adoption of two-range glasses (bifocals) as long as possible because they know that the conspicuous lens-segment divisions make them look older than their years. Bifocals have become the trademark of the over-forty, and many consider them to be a disadvantage in business and social life. According to Dr. J. M. Soss, optometrist in the Harbor area for 32 years, excellent two-range vision may be enjoyed with glasses that are free from

unsightly dividing lines. These modern bifocals—Blended Lenses—assure better vision, too, because the eyes do not jump or see double when shifted from one lens power to another. Dr. Soss suggests that bifocal wearers drop in at his ground floor offices at 1268 Sartori Avenue and see how amazingly their appearance will be improved by Blended Lenses. There is no obligation, of course. Not expensive, easy terms. Open Friday evenings and all day Saturdays. Offices also in Wilmington.
