

CURRENT—Now playing at Radium Drive-in is "Cash McCall with James Garner and Natalie Wood. Co-feature is "Tribute to a Bad Man" in color with James Cagney, Irene Papas.

### Dog Obedience Class Offered

A new Harbor Lite dog obedience class will start June 8, at 7 p.m. at Peck Park, 560 N. Western Ave., San Pedro.

Registration will take place in parking lot of the park prior to the first class.

The nine-week course will be climaxed by a graduation. Handlers and dogs receiving high scores will be awarded first, second, third, and fourth-place trophies.

Graduation certificates also will be awarded. Judging will be according to American Kennel Club standards.

### Camp Fire Leaders Will Honor Sponsors

The Leaders' Association of Camp Fire Girls, Los Angeles Council Harbor District, will hold a cookout today at 9:30 a.m. in Torrance Park.

### Speaker Bureau to Tell Story of Gas Company

A speakers' bureau to meet needs of small groups has been named by the Southern California Gas Co. to present talks on natural gas service.

The first talk, entitled "This Is Our Life," will be available to church, neighborhood, and small service-club audiences in the Los Angeles area and most communities in San Bernardino and Riverside counties after June 30, according to Frank C. Sullivan, the utility's director of public relations.

Members of the bureau include John T. Cardall, headquartered in Compton; Jack R. Davis from the San Fernando Valley; W. E. Haskell, Inglewood; Hugh L. Hedrick, Pasadena; and H. L. Rollins, Downey.

Use classified. Call DA 5-1515.

## 6 MILLION AMERICANS NOW WEAR CONTACTS!

### QUESTIONS AND ANSWERS ON CONTACT LENSES:

Q. What do contacts do for a girl?

A. Girls report less shyness and more dates, more self-confidence at work, getting better roles on stage and winning beauty contests, no fogging, and better vision from better corrective value.

Q. How big are contact lenses?

A. About 1/3 of an inch wide, and as thin as a piece of paper—much thinner than you imagine, as they need to cover only part of the pupils in your eyes for superb vision.

Q. What happens if I drop a contact lens?

A. Because contacts are tiny and made of light plastic, they practically float to the ground. They will not break unless you step on them.

Q. What has made contacts so popular recently?

A. The first contact lenses of 25 years ago were almost as large as half an eggshell, and required considerable skill. But 6 million Americans wear today's tiny, easy contacts.

### GET THE FACTS ABOUT CONTACTS—F-R-E-E!
