

### Highway Patrol Offers Civil Service Exams

The California Highway Patrol announced today that a civil service examination for State Traffic Officer will be held throughout California Sept. 24, 1960.

The examination will be open to men between the ages of 21 and 32 who meet the requirements in regard to education, citizenship and residence, physical condition, and character.

Bradford M. Crittenden, Commissioner of the Patrol, in noting that this is the first examination for State Traffic Officer to be given since the legislature enacted the Fair Employment Practices Act last year, said: "A law enforcement agency can only command the fullest confidence of the citizens it serves when no group among them has legitimate cause to feel that the force is unrepresentative of or antagonistic to the members of that group. The patrol wants the best men available and will not in any way discriminate against qualified men."

Crittenden said full information and application forms may be obtained from any California Highway Patrol office.
