Both mothers and little girls find Breck Creme Rinse helpful when combing the hair after a shampoo. A creme rinse takes only a minute and eliminates snarls, tangles and fly-away hair, leaving it soft, easy to comb and arrange. It gives the hair lustre and body without leaving an oily appearance. Breck Creme Rinse is especially helpful in the care of dry, brittle hair.

### THINNING HAIR! THEN FALLING HAIR!

What can you do to save your hair before it's too late?

Thinning hair—falling hair—dull, listless hair. These may be symptoms of hair undernourishment. When PURE SILVIKRIN is massaged into the scalp, it helps increase normal circulation and adds nourishment to hair roots. PURE SILVIKRIN is a solution of 18 amino acids which make up the protein content of hair. Massaging with PURE SILVIKRIN can help your hair continue to live and grow healthfully—can help arrest premature hair loss and retain normal vibrant health. Certain conditions, such as hereditary baldness, cannot be corrected by any known treatment. In some instances, thinning hair may require treatment by a doctor. But in many cases, thinning or falling hair simply lacks protein nourishment. Like everything worthwhile, PURE SILVIKRIN is not inexpensive. It costs \$5.00 a bottle or about 14 cents per treatment. You will feel it is worth every penny you pay for it or your money back.
