

OVER AND OUT—Torrance Explorer Scouts demonstrate a shortwave radio set used to communicate with the 12 Scout Camporee celebrations in the Los Angeles Council last weekend. John Nikita (back), district field Scout executive for the Harbor area, looks on as Bruce Matlock, Explorer Scout of Post 115, contacts the various camporees. Scouts of Troop 201, David Ihoi, David Borkoull and Michael Focha (left to right) observe the radio operation.

### Park Holds Over Famous Ice Show

This week is the final week of "P.O.P. on Ice" at Pacific Ocean Park. Originally booked for two weeks only, the popular ice revue has been held over by public demand. Rhythm skater, Karen, will star in this last week of performances. Presented three times nightly, the early shows also feature performing chimps, pony, and baby elephant.

An average-size American home uses 10,500 board feet of lumber, much of it in the framing which is seldom seen. Douglas fir is the most popular framing lumber.

### Harbor Division Warns Boaters

As the deadline approaches for the State of California, Division of Small Craft Harbor's first quarterly report of California boating accidents to the U.S. Coast Guard, it is quite apparent that many operators involved in reportable boating accidents are not fully aware of their responsibility for reporting said accidents, representative of the Division of Small Craft Harbors said.

California law not only requires a report from the operator of every undocumented vessel involved in an accident resulting in death or injury to a person or damage to property in excess of \$100, but also provides for a fine of not to exceed \$500 or imprisonment for not to exceed six months, or both, for failure to comply with the reporting provisions. According to supervisor of boating registration Dallas M. Hering, the accident reports are of extreme importance to the people of this state and government agencies at all levels because of the invaluable statistics they provide for the promotion of safety on California waterways.

### Sport Series Appears

"Extra Point," an 18-week sports series hosted by Bill Keene and featuring last-minute grid scores and top guests from the sporting world, will mark its return premiere on Sunday, Aug. 14, 4 to 4:15 p.m., on Channel 2.

### American Party System

Dr. Bernard Hyink, Professor of Political Science at USC, will analyze minor political parties, the two-party system, and the Presidency on KNXT's classroom series, "Government of the People," Aug. 8, 10, and 12.
