Modern Ground Floor Offices with ample parking and air conditioning for your convenience.

Last year the brewing industry expended some \$417,000,000 for cans, bottles, and related container materials, and more than \$230,000,000 for agricultural commodities used in making beer and ale.

Drive-Ins Join Sandwich Month

Americans eat 90 million sandwiches a day and this year will devour more than 35 billion sandwiches, more of them this month of August than any other month. So reports Ron Daley of Torrance on the occasion of National Sandwich Month, which is being observed throughout the nation in August under auspices of the Wheat Flour Institute. Daley is an expert on the subject of sandwiches in Torrance. He operates McDonald's drive-in at 17305 Crenshaw. During August he expects to serve a total of 80,000 hamburgers, his top month of the year.

Magic Chef Gives Away Hawaiian Island Trip

The Hawaiian Isles come to Magic Chef Market today as the new market in the Del Amo Shopping Center is giving away a luxury trip to Hawaii for two in celebration.

Grand prize at Magic Chef's Hawaiian Isles celebration, which will continue through this weekend, will be a seven-day trip to Hawaii for two via United Air Lines first-class jet.

In Hawaii, the winner will

stay at the beautiful Hawaiian Village Hotel on Waikiki's finest beach, with a choice of dozens of sports in the sea and sun to do.

There's nothing to do for a chance at this exciting prize—entrants just leave name and address at Magic Chef. Winners need not be present at the time of the drawing, Aug. 29.

Hawaiian muu-muus from the famous Walth Clark's Hawaiian Shops—25 of them for 25 winners will be awarded too. Saturday, leis will be presented to visitors at the market.

College Gives Entrance Tests

More than 400 courses will be offered by Harbor College during the fall semester, which extends from Sept. 12 to Jan. 27, according to an announcement today by William H. McMasters, dean of admissions and guidance.

Major fields of study in which day and evening classes will be offered include science, mathematics, engineering, business, electronics, printing, architecture, art, drafting, philosophy, speech, nursing, history, psychology, English, Spanish, literature, education, engine technology, and many others, McMasters said.

All classes are tuition free, carry regular college credit, and meet from 8 a.m. to 10 p.m. Mondays through Fridays. Any high school graduate or person 18 years of age or over may attend by following required entrance and registration procedures.

To become a new student, day and extended day, persons interested are required to file applications for admission and registration permit requests at the college admissions office, and arrange for previous high school and college transcripts to be mailed to Harbor College.

Completion of the 3 1/2 hour college entrance tests is a requirement for new full-time day students and evening students who expect to receive veterans' benefits. The exams are given Aug. 19, 8:30 p.m.; Aug. 29, 6 p.m.; and Sept. 3, 9 a.m.

Permits to register on a specific date in August or September will then be mailed to qualified applicants.

Currently enrolled and returning students to enter are required to file requests for registration permits at the admissions office, and enroll on the date indicated on the permits, which will be mailed to qualified applicants. Returning students also are required to file applications for admission and transcripts of college work completed since leaving Harbor.

"As a result of June registration, many students have already enrolled for the fall semester. It is advisable for everyone who has not registered, to do so at once by following required enrollment procedures. Delay will result in unnecessary difficulties concerning hours and programs," McMasters pointed out.

Republicans Map Campaign Plans

Members and friends of the Torrance Republican Club will converge Aug. 9, at 1408 Cravens Ave., to organize plans for the forthcoming congressional campaign, Tom Brewer, club president, announced today.

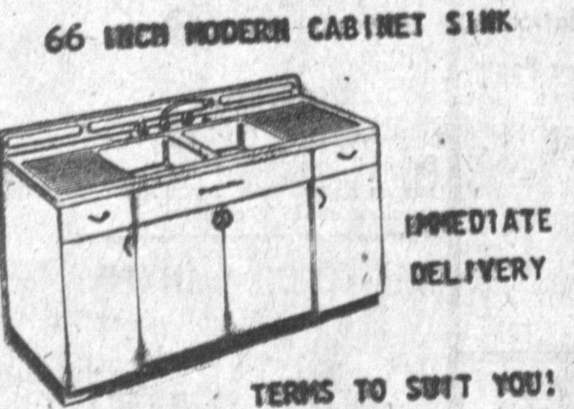

Open to the public, this was the first regular meeting of the group since the primaries, Brewer, 18423 St. Andrews Pl., declared. Volunteers concentrated on organizing for precinct work, he said. John Kesson, 2015 W. 182nd, is vice president of the group, with Mrs. Anita Sharpe, 16812-A Yukon Ave., serving as secretary.

Local Firm Announces Most Profitable Term

Coleman Engineering Company, Inc., will report the most profitable quarter in its ten-year history for the three months ended July 31, 1960, T. C. Coleman, president, announced today in the annual report to shareholders.

"Preliminary estimates indicate earnings in excess of 40 cents per share on the 156,927 shares outstanding," stated Mr. Coleman, "and prospects are excellent for continuing profitable operations during the balance of fiscal 1961."
