

### Christmas Seal Campaign Nears Halfway Point

The 54th annual Christmas Seal campaign has reached 45.2 percent of its goal with a total of \$384,219.51 being banked to date by the Tuberculosis and Health Association of Los Angeles County. This year's campaign goal is \$850,000 as compared to a total of \$783,534 raised by Christmas Seals last year.

Mrs. A. W. Warnock, San Pedro, chairman of the TB association's Bay Cities regional advisory committee, reported that income received to date represented a 5.2 percent decrease, or \$21,419.27 below income received for the comparable period in 1959. As of the same date last year, \$405,638.78 had been received.

**YEAR-ROUND PROGRAM**  
"As money received in the annual Christmas Seal campaign is the only source of income of the year-around programs of our local tuberculosis and health association, I urge all county residents to answer their Christmas Seal letters as soon as possible," Mrs. Warnock said. Families in our area have been most generous in the past and Christmas Seal programs of education, research, rehabilitation, and case detection have brought immeasurable benefits to the health of our community and nation.

Mrs. Warnock added that although every effort is made to reach all families in the county by mail, those who have not yet received Christmas Seals may call DUNKIRK 8-3401 and they will be mailed immediately.
