To the reader a perplexing situation arises. What's happened to the Dodgers? Is Vero Beach so far away that it hurdles and placed third in

The reasons for this apparent snub of the Bums is simple. The Rigney led ballplayers Varsity and Cee Divisions of are training just 150 miles from Los Angeles county. The Dodgers are 3000 miles away. BILL RIGNEY Can you blame the writers for getting so spirited that their 11.1, Eabens (M) 11.3. typewriters produce two thousand words instead of the required thousand?

Angels skipper, Bill Rigney, thinks the publicity will do his boys a lot of good. His job at camp is the toughest. 1:15.8 Most of these players need the security that lurks behind a camera or in the mechanics of a typewriter. Bill knows this Conns (SA) 17-5, McDianini and is as eager as Irv Kaze, the club's publicity director, (SA) 17-3, Cavrin (M) 16-0. to see volumes printed of the Angels.

Basically the Dodgers are the same as last year. Their good (L) 5-0, Tied-Butcher personnel hasn't changed much except for the acquisition (L) and Algrami (M) 4-11. of Leo Durocher as third base coach. In three years they've seen 271/2. every club in the National League and all the stars they have to offer. They've read column after column of their Stephen White doings. Because the Angels are going to play the big guns in their circuit the fans will associate the Mantle's and League Closes Colivito's with the American entry in Los Augeles

Once the season is in its first two months of play and every fan has seen the other nine teams in the junior circuit. the Angels must start winning to stay in the spotlight.
