Palos Verdes Estates Drain Plans Announced

Approval of plans and spe cifications for the first unit of the Palos Verdes estates storm drain was announced Tuesday by Supervisor Burton W. Chace.

Bids will be opened July 14 in the offices of County Flood Control District Chief Engineer M. E. Salsbury with formal award of the contract ex-

pected about 10 days later. Chase said plans call for the construction of two drainage lines: One from the intersection of Via Romero and Via Zumaya south in Via Romero and Via Carrillo to Paseo Lunado Canyon and west in right of way through the Canyon to an existing earth channel west of Via Anacapa; the other begins in Palos Verdes Drive West some 200 feet south of Montemalaga Drive and extends west in right of way through Coronel Canyon to an existing channel west of Paseo del

Chace said about six months vill be rekuired to complete construction, and special arrangements have been made to reduce inconvenience to. motorists and residents in the construction area.
